

## NEW BILL RAISES LEVELS OF U.S. TARIFF

### PRINCESS SOPHIA DAMAGE CLAIMS STILL LIVE ISSUE

Memorandum Report Awarding \$2,095,000 Damages to Heirs of 214 Victims Filed in U. S. Federal Court By Commissioner A. C. Bowman; Case Must Be Fought in Courts Before Litigants Can Collect Judgment

Eleven years have elapsed since the steamship Princess Sophia sank in Alaskan water with the loss of 398 lives and the question of compensation is still a very live issue in United States courts. On October 25, 1918, the Princess Sophia sank with all hands in a blinding snowstorm after striking Vanderbilt Reef, forty-two miles north of Juneau.

The vessel had remained wedged on the reef for forty hours, when a gale roared out of the North and hurled the ship clear of the reef into deep water.

#### AWARD FILED

Now comes word in a Canadian Press dispatch from Seattle to-day of the filing yesterday by Commissioner A. C. Bowman in the U. S. Federal Court of a memorandum report awarding \$2,095,000 to heirs of 214 of the 398 persons who lost their lives in the disaster.

Before the litigants can hope to collect judgment the case must be fought in the United States Supreme Court to determine the extent to which the owners of the Princess Sophia may be liable.

#### PREVIOUS DECISION

Judge Jeremiah Neterer of the U. S. Federal Court, in a previous decision, held that judgment could not be satisfied from any resources of the Canadian Pacific Railway other than \$60,000—freight and passenger money earned by the Princess Sophia on her last voyage—deposited with the court ten years ago when the company first filed a petition asking limitation of liability.

Commissioner Bowman's report grants to the estate of each of the victims the full amount of damages recoverable under an Alaskan statute, which limits damages for the loss of any one human life at \$10,000.

Taking of testimony upon which the Bowman report is based, took six years.

### LEADER NAMED BY ROTARIANS

Dr. A. T. R. Cunningham New Governor of Northwest District

Vancouver, May 7.—Dr. Arthur T. R. Cunningham, past president of the Spokane Rotary Club, was unanimously elected district governor for the next twelve months at this forenoon's session of the Northwest Rotary Conference here. He succeeds John F. Caspar.

#### RESULTS OF DIVORCES

Seventy-five per cent of under-privileged children come from the homes of divorced persons, the speaker said, adding that in one of the three states represented at the convention there was one divorce for every three marriages.

"We take away most of the responsibilities of youth and give nothing in its place," he continued. "It is not enough to teach children reading and writing; our schools should train them to be good citizens."

(Concluded on page 3)

### Wheat Prices At Winnipeg Have Biggest Fall of Year

Winnipeg, May 7.—Panic-stricken memories of the deep slump in wheat prices four years ago were conjured up on a frantic market here to-day. Breaks of 8 1/2 to 9 1/2 per cent from Saturday's close, resulting from announcement of reduction of United States grain railway freight rates, as well as from weakness at Liverpool, Chicago and Buenos Ayres, carried the prices down to new low levels for this year.

The close, after but a meagre reaction, was eight cents to seven cents lower for the day. During the morning's frenzied trading, May wheat sold as low as \$1.11 1/2, July dropped to \$1.12 1/2, and October swooped down to \$1.14.

Closing quotations were: May \$1.11 1/2, July \$1.14 and October \$1.15 1/2.

#### DUMPING EFFORT

In the opinion of traders here, the freight rate cuts proposed in the United States are having an effect opposite to that intended. Buyers in Great Britain know there is a large surplus of wheat in the world to-day, and they regard these new measures in the republic as in the nature of dumping, and they are now looking for cheaper wheat.

### PUBLIC GETS BEHIND PLANS FOR MAY 24

Carnival Life Will Rule in Victoria Over Period of Festivities

Many New Attractions Lined Up For Entertainment in Victoria-day Celebration

A programme of fun and carnival that will occupy every daylight hour of May 24, and may spread over three days, taking all events into account, is being prepared by organizations and citizens working in conjunction with the Junior Chamber of Commerce.

#### TO CROWN MAY QUEEN

The crowning of a May Queen chosen by the schools, folk dancing and choir singing by some of the 6,000 student subjects; a grand street parade of special life and color; a Mystery Night at the Crystal Garden; a special Victoria-Day pageant of aerial fireworks by Thomas G. Hill, a former Victorian, and a sports programme wide enough to suit all tastes, are some of the highlights on the programmes now taking shape under the direction of the several committees.

"Sarah Porter," said to hold the speed record for whipper racing on the continent, will be seen in action with fifteen other whipper, as part of a whipper and horse racing feature for the afternoon of May 24.

#### STREET PARADE

The grand street parade has been advanced one hour, to make room for a large number of attractive events. Entries will assemble at 12 noon, and the parade will move off at 1 p.m. on May 24. The route will include Yates, Government, Superior and Douglas Streets, with a wind-up at Beacon Hill Park.

The school, to make up for the loss of the flower parades in the street pageant, will present a special fine programme on May 23. This will include the ceremony of the May Queen, folk dancing by the groups.

(Concluded on page 3)

### ONTARIO SELLS BONDS AT 5.05%

New York, May 7.—A syndicate headed by the National City Company has been awarded the \$25,000,000 province of Ontario thirty-year five per cent bonds on a bid of 99.15. The Chase Securities Corporation was second in the bidding with 99.09.

The last provincial loan was that of British Columbia on April 25, an issue of \$6,000,000, twenty-five-year five per cent bonds, which brought 98.525 and cost the Province 5.08 per cent.

### BRITISH TRADE GAINS REPORTED

Steady Improvement, Cunliffe-Lister Tells House of Commons

London, May 7 (By George Hambledon, Staff Correspondent of the Canadian Press).—Steadily if slowly, British trade is moving towards better days. Sir Philip Cunliffe-Lister, president of the Board of Trade, told the House of Commons yesterday.

The last five years has shown very remarkable progress, considering the setback received in 1926, the year of the general strike, he said.

Commodore H. Douglas King, Under-Secretary of State for Mines, related how coal exports had increased from 15,745,000 tons in the first four months of 1928 to 17,397,000 in the same period of 1929. Pithead losses had been converted into profits. In the March quarter of 1928 there was a pithead loss of ninepence a ton on commercial coal. He said, and this rose in the June quarter to a loss of one shilling and fivepence a ton. This year it was estimated there was a profit of sevenpence a ton in January and ninepence in February, and indications for March were still more favorable.

#### TRADE BALANCES

Sir Philip Cunliffe-Lister gave the following trade balances as indicating the growth of British trade: 1924—£85,000,000; 1925—£90,000,000; 1926—£114,000,000; 1927—£144,000,000; 1928—£144,000,000.

Taking 1924 as the basic year, he pointed out that exports generally in 1928 were 4.8 per cent higher, and manufactured exports were up 7.8 per cent. Figures for the first quarter of 1929 were still more satisfactory, he said. For that period, again taking the corresponding period in 1924 as a base, exports were up 14.2 per cent and imports were up 14.4 per cent.

The affair was attended by a Great gathering of colonial officials, governors and ex-governors.

### FRIGHTENED BALD

Terrified by a puppy, five-year-old Henry Mates of Washington lost all his hair in seven hours. Maryland Medical College experts, puzzled by the strange case, are seeking means to restore his hair.

### FATTENING OF GRAIN CARGOES IS CONDEMNED

Saskatchewan Commission Chairman Says Mixing at Vancouver Is Illegal

No Lump Quantity to Raise Average Quality Should Be Added, He Says

Vancouver, May 7.—"Fattening" cargoes leaving Vancouver by the addition of a lump quantity of higher grade grain to a cargo which does not come up to grade on outgoing inspection is illegal and may do much to destroy Canada's overseas market served from this coast.

This was the strongly expressed opinion of Chief Justice J. T. Brown of Saskatchewan, chairman of the Saskatchewan Grain Inquiry Commission, following evidence given by William James Crawford, inspector in charge at Vancouver and Victoria, at today's sitting of the commission here.

#### DESCRIBED AS DANGEROUS

"I think this is a very dangerous practice. Men on the other side may get all the lean parts of those cargoes when they are paying for a higher grade. That is the sort of thing which is destroying our market," declared the chairman.

"If they can get away with it once, they may be inclined to keep up the practice. It would be better to make the shipper take a lower grade of grain," he said.

Quoting the case of a ship now in port, Mr. Crawford told the commissioners some 30,000 bushels of what should have been No. 4 wheat had been loaded. The inspectors found the cargo could not pass the load for No. 4. The witness said they had been in the habit of allowing shippers to "fatten" cargoes by putting in, say, 2,000 bushels of No. 2.

### BRITISH TRADE GAINS REPORTED

Steady Improvement, Cunliffe-Lister Tells House of Commons

London, May 7 (By George Hambledon, Staff Correspondent of the Canadian Press).—Steadily if slowly, British trade is moving towards better days. Sir Philip Cunliffe-Lister, president of the Board of Trade, told the House of Commons yesterday.

The last five years has shown very remarkable progress, considering the setback received in 1926, the year of the general strike, he said.

Commodore H. Douglas King, Under-Secretary of State for Mines, related how coal exports had increased from 15,745,000 tons in the first four months of 1928 to 17,397,000 in the same period of 1929. The affair was attended by a Great gathering of colonial officials, governors and ex-governors.

### BOND BIDS SPLIT CITY ON POLICY

Five to Five Tie Vote Sends Seven Tenders Into Waste Basket

Bids Ranged From \$96.76 to \$93 Per \$100 For Hospital Issue

The Bank of Montreal was highest bidder for the city's \$100,000 hospital debenture issue last night, when the tenders were reported to the City Council, offering at the rate of \$96.76 per \$100 for the issue of twenty-five-year sinking fund debentures bearing interest at five per cent. The next bid was \$95.65 per \$100 with five other bids falling off to nearly \$93 per \$100 in the rear.

The council, in the absence of Alderman James Adam, voted itself into a five-to-five split, with Mayor Ashcomb, Aldermen W. T. Straith, William Cullen, J. L. Mara and R. A. G. Dewar for acceptance; and Aldermen H. D. Litchfield, E. S. Woodward, John Worthington, John Harvey and William Marchant in favor of a new deal.

A report by the finance committee recommending acceptance of the bid of the Bank of Montreal failed in adoption, and went by the board. The city is now in the same position it was before it called for tenders on the bonds, as all bids were for immediate acceptance. Circular letters were sent to over seventy firms in Canada in advertising the issue, with but seven answers received. Meanwhile the new nurses' home at the Jubilee Hospital is in course of erection, and the city is obligated by the ratepayers to furnish in the neighborhood of \$100,000 towards the work.

### MARCHANT ASKS SPECIAL TERMS

Government Recognition of Considerable City Tax Exemption Object of Report

A plea for special recognition of the Capital City by reason of the heavy volume of tax exempt holdings by the Provincial Government here, was made by Alderman William Marchant before the City Council last night. Alderman Marchant's resolution was as follows:

"Whereas the City of Victoria provides all the essential municipal services for the owners of real property and residents of the city;

"And whereas the government, in the right of the Province, owns and administers real property within the city to the value of \$799,280 for land, and \$2,812,500 for improvements, which property is exempt from municipal taxation;

"And whereas it is incumbent upon the City of Victoria to make provision for roads, streets, sidewalks, sewers, surface drains, lighting, fire and police protection, water, parks and boulevards, and other services for which other owners of real property are taxed;

"And whereas the press reports that still further properties are to be acquired by the Government within the city limits to the value of \$47,520 for land and \$24,740 for improvements, making a grand total of \$72,260, which will further enlarge the exempted property of the city and thereby increase the burden upon privately owned property;

(Concluded on page 3)

### SENTENCED MAN'S NAME IS CLEARED BY CONFESSION

Death Penalty Judgment at Buffalo Mistake; Arrested Man Tells Story

Buffalo, N.Y., May 7.—Edward Larkman, sentenced to death for the murder of Ward J. Pierce, paymaster of the Art Metal Shop, during the week of April 19, 1926, and snatched from the electric chair by a last-minute commutation of sentence by Governor Alfred E. Smith, was innocent of any part in the crime, according to further confessions obtained yesterday from a member of the "Big Korney" gang.

Big Korney and his outlaw band operated in Buffalo and other cities for more than three years, their loot amounting to thousands of dollars and the victims of their revolvers and machine guns numbering at least four killed and half a dozen wounded. The most brutal of their crimes was the execution of one of their own members.

### CANADA WILL PAY TRIBUTE AT OTTER FUNERAL

Full Military Honors When Body of General Laid to Rest at Toronto

Death Brings Praise of Leader's Achievements From Minister of Defence

Toronto, May 7.—The funeral of the late Gen. Sir William Otter will be held here Friday afternoon. Full military honors will be accorded and every unit of the permanent forces and the militia regiments of the Toronto garrison will be present.

Tentative arrangements provided for the remains to lie in state under military guard at the Toronto Armouries on Thursday and on Friday morning.

#### MINISTER'S STATEMENT

Ottawa, May 7.—"In the death of General Sir William Otter, Canada loses one of her most distinguished sons, whose life was early dedicated to the service of his country and building of the Canadian militia," said Hon. J. L. Ralston, Minister of National Defence.

"Pre-eminently a soldier, his life is an inspiration to every youth who feels the urge to learn the use of arms for the defence of his country."

Col. Ralston paid tribute to the achievements of the long and distinguished military career of the late leader.

### Island to Get Consolidated's Coast Smelter

President J. J. Warren Visit Here Linked With Power Corporation Plans

Construction of a Coast copper smelter and refinery at some salt water point in the Comox area, on the East Coast of Vancouver Island, would follow the acquisition of the Campbell River power rights by the Power Corporation of Canada through its subsidiary, the B. C. Electric Co. It was reported to-day on the conclusion of a three days' visit of J. J. Warren, of Toronto, president of the Consolidated Mining and Smelting Company.

Mr. Warren declined to make any public statement regarding the plans for the Consolidated, beyond his private conference here with high executives, regarding which spokesmen had been reached, both in Montreal and out here on the Coast. This was interpreted by newspapermen as meaning that the Power Corporation of Canada interests and Consolidated Smelters, both allied with the same financial group in Montreal, were working hand in hand and that Power Corporation was proceeding with its plans to acquire the Campbell River power rights chiefly at the instigation of Consolidated which seeks sufficient ready electrical power before starting its smelter.

A similar understanding had also been reached between the two companies in the Portland Canal area, where Power Corporation has acquired the American Creek water power and last month sent in its crew to start a plant to supply water to mining properties which Consolidated is developing nearby.

Mr. Warren had nothing to give out regarding details of plans for development of various mining properties now being worked by the Consolidated in various parts of this Province, beyond the fact that the company was acquiring still more mineral properties this year.

#### LITTLE JOE

A GOOD TENNIS PLAYER HAS MANY HAPPY RETURNS OF THE DAY.

### LEAVES BRITISH POLITICAL ARENA

RT. HON. SIR HAMAR GREENWOOD

Walthamstow, Essex, May 7 (Canadian Press Cable).—Sir Hamar Greenwood, native of Whitby, Ont., who achieved distinction in public life in Great Britain, is not, owing to business reasons, seeking re-election in East Walthamstow in the coming general election. He was elected as a Conservative candidate there in 1924, having sat for other constituencies from 1906. Right Hon. Fitzalan Hope, Deputy Speaker of the House of Commons, is now Conservative candidate in East Walthamstow.

Colonel Grant Morden, another Canadian who has reached prominence in Great Britain, is contesting Brentford and Chiswick again. He has been the Conservative representative of that division since 1918.

### WEST RAILWAYS IN U.S. REDUCE RATES ON GRAIN

Chicago, May 7.—A freight rate cut of 5 1/2 cents to 11 1/2 per 100 pounds on wheat and wheat flour for export was announced to-day by Western United States trunk line railways.

### BODY OF M'GILL GIRL STUDENT FOUND IN RIVER

Remains of Miss Pitcher Identified in Montreal; Another Body Found

Montreal, May 7.—A country-wide search for Miss Barbara Pitcher, McGill University student who disappeared from here March 21, was brought to an end to-day with the finding of the body of the young woman in Back River, near a convent at Sault au Recollet.

Workmen also found the body of a young man at the same spot, which had apparently only been in the water two or three days. The two bodies were found floating in the river by employees of the Montreal Light, Heat & Power Company, who were working nearby.

Morgue officials stated the body of Miss Pitcher gave every indication of having been in the water for some time—probably since the day she was reported missing—and showed no marks of violence.

Identification of the body was made by J. B. Conley, chauffeur of the Pitcher family, who was in the habit of driving Miss Pitcher to and from the university.

Miss Pitcher, who was eighteen years of age, was a first year arts student.

#### PENSION APPEALS

Edmonton, May 7.—Nearly 100 cases are down for hearing before the Federal Pension Appeal Board, which opened its sessions here yesterday. It is expected the hearings will last two weeks.

### NEW TARIFF BOARD SOON IN THE U.S.

Washington, May 7.—President Hoover would be given blanket authority to reorganize the present Tariff Commission by replacing all of its members at his pleasure under the new tariff bill reported to the House to-day by the ways and means committee.

### U.S. Congress Asked To Impose Duty On Shingles and Lumber

Measure Laid Before House of Representatives by Ways and Means Committee Calls For Twenty-five Per Cent Charge on Imported Cedar Shingles and Lumber; Increases on Other Imports From Canada Less Than Some Sections Expected

Washington, May 7.—An import duty of twenty-five per cent ad valorem on cedar shingles and lumber, now free, is proposed in the tariff bill introduced to-day in the United States House of Representatives. The bill would impose a duty of \$1 per 1,000 feet on fir, cedar and western hemlock logs, without restriction. On maple and birch lumber the duty would be set at fifteen per cent.

### B.C. WATCHES U.S. CONGRESS TARIFF DEBATE

Shingle Exporters Feel Proposed New Duty May Be Reduced

Vancouver, May 7.—Announcement of the proposed twenty-five per cent ad valorem United States duty on imported Canadian shingles is regarded by British Columbia manufacturers of this commodity as a serious blow to the industry in this Province, unless the rate should be modified at a later stage in the progress of the new tariff bill in Congress.

The mill price list to western whole-sale houses on 3x-shingles—the kind mostly exported to the United States, is \$4 a thousand. That means the duty to be \$1 for such a consignment.

#### COMPETITION IN FIELD

In order to meet the competition from composite roofing the local manufacturers would have to sell on an export basis at \$1 a thousand less than the current price. That is stated to be practically impossible in view of the wage and labor conditions in the Province and, in the opinion of an official, who gave his views to-day, it would seem inevitable that a great curtailment in the shingle industry in the Province would follow from the new United States tariff.

### THIRTY-FIVE MILLS OPERATING

At the present time seventy-five per cent of the British Columbia shingle production was shipped to the United States, he said. Approximately thirty-five mills were operating with a total list of employees running from 1,800 to 2,000.

The Shingle Association, however, felt the twenty-five per cent ad valorem duty might be considerably modified, and which could be made up for consideration by the Senate.

### ELECTION SPEECH LEADS TO FIGHT

Hon. T. Boydell, South African Labor Minister, Struck By M.P. at Durban

Durban, South Africa, May 7.—Hon. T. Boydell, Minister of Labor of South Africa, was struck by a crowd during a sensational incident at a crowded election meeting here last night. The Minister was addressing constituents of his in the Greenville division of Durban. He referred to criticism leveled at the administration of a certain Labor settlement scheme during the last session of Parliament by some members of the assembly. He denounced these critics as "slandermongers, liars and cowards," after having previously connected with the matter the name of J. S. Marwick, member of the assembly for the constituency of Illovo, Natal. Marwick had been one of the chief critics of the scheme.

Marwick, who was in the audience, immediately rose and walked to the platform, where he said to Boydell: "So you call me a coward, do you?"

Boydell replied in the affirmative and Marwick struck him full in the face. Platform supporters of the Minister of Labor immediately seized Marwick, dragged him to the ground and handled him roughly. Within a few minutes, however, his friends rushed to his aid.

(Concluded on page 3)

### No Liberal Support Of Labor Planned In Britain, Says Simon

London, May 7.—Sir John Simon, former Liberal Cabinet Minister, eminent jurist and chairman of the Indian Statutory Commission, in an address at Liverpool last night, reiterated the absolute refusal of the Liberal Party to repeat the experiment of 1924 by putting Labor in power in Great Britain should no party gain a clear majority in the coming general election.

"The Liberals will set themselves to serve the best interests of the country, not forgetting the King's Government must be carried on, but they will at all costs preserve independence and freedom of action," he declared.

### B.C. HEN REPORTED TO HAVE SET RECORD

Vancouver, May 7.—A Rhode Island hen owned by Mrs. G. W. Judge of West Burnaby has laid an egg measuring six and a half inches in girth, eight inches around the ends, and weighing more than four ounces. This is believed to establish a record in size for eggs.

Mrs. Redvers E. Smith and little son, of Shanghai, China, are guests of Mrs. Smith's parents, Mr. and Mrs. H. Brethour, "Rosedale," East Road, Little Tommy Bowers arrive home last week from the Jubilee Hospital in Victoria, where he underwent a serious operation.

The ladies' aid of the United Church will meet at the home of Mrs. W. R. Armstrong on Wednesday at 3 o'clock. The regular monthly meeting of the North Saanich branch of the Canadian Legion will be held in the barber shop on Tuesday, May 7, at 8 p.m.

Mrs. Clara Simpson and Miss Alberta Cuthbert returned to their homes on Saturday afternoon after spending a week on Moresby Island. They were accompanied home by Joseph Simpson, who returned to the island on Sunday. Mrs. J. Ormand, Queen's Avenue, was taken to Resthaven Hospital on Friday to undergo an operation.

Mrs. R. G. Hill, Fifth Street, was called to Vancouver on Saturday to attend the funeral of her niece, who died suddenly in New York.

C. Grant, foreman of the General Construction Company, spent the week-end in Vancouver on business.

Miss M. F. O'Sullivan, who has been spending the last few weeks at her home in Deep Cove, left last week for Olds, Alberta.

E. P. Latta left on Friday for Victoria, where he will reside.

The monthly meeting of the Allies Chapter I.O.O.F. was held May 2 at the home of Mrs. Goddard, Sea Point, with the regent in the chair and a large attendance.

Miss C. Belton was elected delegate to the annual meeting of the I.O.O.F. in Victoria May 17 to 24, and as many members as could go were asked to attend.

A committee with Mrs. H. North as convener was elected to arrange for the annual King's birthday dance to be held in Deep Cove Hall on June 7. A Queen Alexandra rose day in aid of the Soldiers' fund will be held, Miss Pearks was named convener. Two new members were proposed and one new member welcomed. Reports were made by Mrs. W. McLean, delegate to the convention of education held in Victoria, and by Mrs. Rochford, who attended the provincial chapter held in Vancouver. The next meeting will be held June 13 at 3 p.m. in the Guide and Scout Hall.

On Wednesday evening in Wesley Hall the ladies' aid entertained girls of the "We Try Class," their leaders and members of the choir of the United Church. After contests, games and supper, Mrs. Simister, past president, presided and presented the choir with a cheque Mr. Lowe, choir-master, responded. Mrs. Douglas was convener of the tea committee and Mrs. McNeil for the entertainment committee.

### BRIDE KIDNAPPED ON HONEYMOON IN CAPITOL PICTURE

One of the thrilling scenes that emphasize the comedy situations in "Honeymoon Abroad," which opened yesterday at the Capitol Theatre, is the kidnapping of a bride on her honeymoon trip. Monty Banks, the star in the picture, is forced to drag his mother-in-law along with him as a chaperone for her daughter on her bridal trip. He tries every ruse imaginable to get rid of her, but fails. Finally he determines to kidnap the chaperone.

He stations a couple of men outside her door in a London hotel and then calls her on the telephone and asks her to come to his room to sign some papers in which he is disposing of his estate. Unfortunately for Monty, his bride rushes out of the room ahead of her mother, is caught by the kidnappers, wrapped up in a tablecloth and thrust in a clothes basket.

On the stage at the Capitol the vaudeville attractions are exceptionally fine, and among the artists appearing are Wilma Steen, acrobatic danseuse; the Pingatore Sisters, two clever artists who play and sing, and Hall and Dempsey, the dancing dandies, in a novel dance creation. Chris Wade and his stage band are featuring "The Song of the Safari," the theme song to the motion picture "Sims," which will show at the Capitol commencing Thursday. Jack Medford, the singing and dancing master of ceremonies, completes the programme of stage specialties, which appear twice daily.

On the screen this week is one of the greatest pictures ever shown at the Coliseum Theatre. Emil Jannings has the leading role in this film, entitled "Sins of the Fathers." The plot is extremely tragic, but the acting and the settings are beautiful.

**"BULL" MONTANA NOT TO HAVE HIS FACE "MADE OVER"**

Rumors that Bull Montana, widely known screen heavy, who is now appearing in the Universal-Jewel comedy hit, "How to Handle Women," at the Playhouse Theatre, will have his face "made over" by a plastic surgeon are widely exaggerated, according to the actor's own statement. He is satisfied with his face as it is, he said. Montana is appearing in support of Glenn Tryon in the production, while others in the company are Marian Nixon, Raymond Keane, Robert T. Haine, Cesare Gravina, E. H. Herriman, Leo White, Marie Carillo and Violet La Plante. William J. Craft directed.

**FOX HUNT BROUGHT TO SCREEN IN FILM NOW AT COLUMBIA**

The millions of people who have purchased prints of English hunting scenes, with the hounds bounding, and the gentlemen all in romantic-looking red coats, will get a real thrill out of "The Whip," which is now showing at the Columbia Theatre, featuring Dorothy Mackall, with Anna Q. Nilsson, Ralph Forbes and Lowell Sherman in the cast.

"The Whip," one of the greatest of all Drury Lane melodramas, features a fox hunt on the screen, the like of which hasn't been seen, even in Merrie England, for these many years. The gentlemen are red-coated and the entire composition of these beautiful scenes were arranged as near as possible by Director Charles Brabin of First National Pictures, to resemble the romantic old prints which have adorned so many walls for years.

**COLISEUM PLAYERS IN CLEVER COMEDY OF MARRIED LIFE**

With a story of clever and extremely humorous, although ridiculous, and impossible matrimonial mix-ups and entanglements, the Coliseum Players under the direction of Raymond "Toby" Leitch opened the current week at the Coliseum Theatre last evening, a crowded house agreeing that "Temple's Telegram" is one of the finest comedies yet presented by the talented little company.

During the hour and a half show the audience is kept in continual uproar. No real tragedy enters into the picture.

**NYK LINE**

### Where To Go To-night

**THE SCREEN**

Domination—"Speakeasy."

Capitol—"Honeymoon Abroad."

Columbia—"The Whip."

Playhouse—"How to Handle Women."

Coliseum—"Sins of the Fathers."

**THE STAGE**

Coliseum—"Temple's Telegram."

Capitol—"Vaudeville."

Columbia—"Swimming and Dancing."

Plot, although there are plenty of times when members of the cast, with forced tears and wild gesticulations, implore each other for various reasons. "Toby" Leitch is especially fine and during the scene where he is forced to make love to an ugly red-haired woman, the house fairly rocks with laughter.

Miss Leone Webber is also splendidly cast as the doubting young wife of a handsome young Londoner. She is continually worried and weeping, although in the end everything turns out happily and she promises she will never doubt again. As the sober-faced butler of the household, Lorus Bagley is most realistic. "That's just what I was going to do," he is the reply to all orders from his mistress. And the day he decides to leave the employ of the house he drops all the family silver over the side of a ship as he is going out the door. All the other members of the cast also have fine parts, these being Miss Ada Daniels, Miss Esther Todd, Forrest Taylor, Paul Wallace and Leon Cluff.

On the screen this week is one of the greatest pictures ever shown at the Coliseum Theatre. Emil Jannings has the leading role in this film, entitled "Sins of the Fathers." The plot is extremely tragic, but the acting and the settings are beautiful.

**MOVIE-TONE FILM AT DOMINION SET IN U.S. METROPOLIS**

When George M. Cohan stated that his picture was confined to four walls, he certainly did not include the Fox-Movie-tone production, "Speakeasy," which is the featured attraction at the Dominion Theatre. The scenes in this production are set in the Madison Square Garden, New York, at the Belmont Race Track, in subway tunnels, on main streets of the great metropolis and, in fact, all over the big city. More than that, they are not the usual news reel shots because the players are right there acting their parts.

The dramatic thread of the interesting story is woven in these locations and the result is astonishing beyond description.

The dialogue is brilliant and, due to the thoroughly experienced cast of stage players who appear in the principle roles, sounds convincing.

Paul Page and Lola Lane, new to picture patrons, but well known on the Broadway stage, are headed for sure success in the talking motion picture field. They have that certain grasp of expression which comes only from long experience behind the foot-lights. Their performances are a delight to watch and hear.

One of the greatest of them all, Henry B. Walthall, carries away stellar honors by his perfect portrayal of a down-and-out piano player. The veteran actor fills his role to the brim with point with incomparable work and rich voice.

Excursion to Seattle on Saturday May 11. Sa. Princess Kathleen.

## FORMER POLICE CHIEF IS DEAD

W. H. Vickers Dies Suddenly; With Provincial Force Many Years

William Henry Vickers, well-known western pioneer and member of the Provincial Police headquarters staff in this city, passed away very suddenly last evening at his home, corner of Moss and McKenzie Streets, in his sixty-seventh year.

He had been at the office during the day carrying on his duties as head of the game department, and appeared to be in his usual health until a few minutes before his death which came as a great shock to his wife, who was with him at the time, and to a host of friends throughout the Province.

**PIONEER OF WEST**

The late Mr. Vickers was born in Devonshire, England, in 1862. Leaving the old land when a young man of twenty-one, he came to Canada and proceeded to the West. He followed the C.P.R. construction through this Province and occupied positions in the game department for some time. Golden and Armstrong were successively his home in the days when these were thriving centres following construction days.

Later he became identified with the Provincial Police, and was stationed at Atlin as chief of that centre for some years. When the G.T.P. came through, and Prince Rupert was brought into existence, he was moved from Atlin to Prince Rupert, and became the first provincial officer in that place. He was identified with the enforcement of law and order there as chief of the provincial force which the headquarters consisted of a large tent. For a time he acted as provincial assessor.

Later, after the city was incorporated, he was transferred from the provincial force to the city as chief, a position in which he served for years.

**TRANSFERRED HERE**

With the transfer of the control of the city police to the provincial force, the services of Chief Vickers, in the position of head of the force, ceased. He was transferred in the service and transferred to Victoria to headquarters, where he took up the duties in charge of the office of the game department of the force. This duty he had performed several years with the greatest credit.

Twenty-seven years ago Mr. Vickers was married in this city in old St. John's Church to Miss Lucy McNeil, daughter of Mr. and Mrs. Joseph Mellor, old-time residents of this city. He is survived by Mrs. Vickers, and one daughter, Miss Evelyn Vickers.

## B.C.'S DRIEST AREA MAY GET WATER

The Creston district, which Hon. William McKenzie and Hon. William Atkinson, Cabinet Ministers, found on their tour of investigation last month to be the driest place in B.C., having had no rain on the soil since last July, may now get water supply.

The Lands Department announced today that those settlers who have already filed the area because of the drought, now have the opportunity of organizations as a district under the Water Act. The cost will be assessed against the land.

Thomas W. Clarke is the new deputy mining recorder at Beaverdam, Greenwood, the mining division, to succeed D. R. McEldmond, who has died.

C. S. Plaxton of Abbotsford, James Leach of Braden and Thomas W. Binney of Trail have been appointed Justices of the Peace.

**BY ALLARD SMITH,**

Vice President, The Union Trust Company, Cleveland.

**NEW RECORD SET IN IRON AND STEEL PRODUCTION**

The iron and steel industry has climbed to extraordinary levels of activity during the first four months of 1929. Not only have production and shipments been greater than ever before, but the earnings of leading companies are revealing important gains also.

For the first time on record, the production of steel in March exceeded the rated capacity of the industry by three per cent. The output for the month was at the annual rate of 60,000,000 tons, compared with an actual production of 48,857,000 tons in the record-breaking year of 1928.

There are four chief consumers of iron and steel products—the automobile, building, petroleum and railway equipment industries. These take almost 60 per cent of the finished steel of each 100 pounds produced every year. In 1928, the automobile industry, for the first time, ranked first as a user of finished steel, taking more than 17 per cent of all made.

Of the four large consumers of steel products, only the building industry has shown any signs of lagging this year. The manufacture of motor cars and of railroad equipment has been particularly active. The production of passenger cars and trucks in the first quarter of the year exceeded 1,500,000, an increase of 50 per cent over the same period of 1928.

Equally as impressive has been the gain in the buying of freight cars and locomotives by the railroads. Purchases during the first three months of 1929 were as great as for all of 1928. The production of passenger cars and trucks in the first quarter of the year exceeded 1,500,000, an increase of 50 per cent over the same period of 1928.

While production of steel continued at a high rate in April, new incoming business has lately shown some seasonal decline. This indicates the season's peak of operation has been reached and that some moderate slackening of the breakneck pace is probable over the coming weeks. The industry on the whole is in a sound position, with large cash resources, moderate inventories and no suggestion of price inflation.

## PERSONALITY PAGEANT IS SET TO-NIGHT

Attractive Parade Will Be Feature of Big Show at Crystal Garden

A score of personality candidates will parade at the Crystal Garden to-night as the outstanding feature of the Personality Pageant and Floral Shower. It will be one of the most entertaining shows put on at the Garden this year.

Following the parade held this afternoon the candidates held a rehearsal at the Crystal Garden in preparation for to-night's big performance. They will be paraded at the Empress Hotel and be ready to take their places in the personality promenade at 9:15.

The pageant will start at the Crystal Garden at 8 o'clock with Russian peasant dances given by a group of twelve advanced students of the Russian Ballet School of Dancing.

The personality parade will commence directly after this act. Four pages will herald the candidates' entry, while flower girls will precede them. After the judges have met the candidates a vaudeville act will be presented. A group of tap dancers will perform some lively steps, after which the candidates will again parade before the judges for the final decision.

While the adjudicators are deciding the winner, the crowd will be entertained with acrobatic dancing numbers, after which the judges will pronounce the personality winner and those holding second and third place.

The judges will be Major L. Bullock-Webster, Mr. H. P. Hodges, society editor of The Times, and Miss Barbara Bullock-Webster, society editor of The Colonist. The winner of the contest will be presented with the silver trophy sponsored by Mayor Herbert Anscomb. The runner-up will receive the silver cup sponsored by George J. Warren, publicity commissioner, and the third will take the B. C. Dramatic School trophy.

All announcements in connection with the pageant will be broadcast by Novel Peterson over the public address system of broadcast, so that everyone in the building may hear as well as see what is going on. The Crystal Garden has been wired for the broadcast.

Following the presentation of the awards the floral shower will commence. This promises to be the most picturesque feature on the programme. The evening will be concluded with swimming and dancing.

## TO CALL NEW HALL TENDERS

Esquimalt Council Will Consider Fresh Bids For Erection of Municipal Hall

New tenders will be called for the erection of the new Esquimalt Municipal Hall as the result of the Esquimalt Council's decision reached at the special meeting held last night to discuss the question.

Hunter and Halkett, who were awarded the first contract, refused to construct the building at the price they had mentioned in their original bid. H. Leggett, the contractor who offered the second lowest tender, also found it impossible to complete the work at the price he had stipulated in the agreement.

With these two tenders withdrawn, the next in price order was that submitted by the Kennedy, Leith Construction Company. Their estimate for the work totaled \$11,550.

Councillor Parley moved that this bid be accepted by the council. He was seconded by Councillor Heald. Before the motion was passed, Ralph Berrill, the architect who attended the meeting along with E. J. Hunter, of Hunter and Halkett, stated that he thought it would be wise to allow Mr. Hunter to offer another tender, before any definite steps were taken.

Mr. Hunter intimated that he would construct the building at a cost of approximately \$11,000.

Councillor C. Smith moved an amendment that new tenders be called. He was seconded in this motion by Councillor A. Lockley, who pointed out the fact that, even with the increase which Hunter and Halkett needed on their original bid, it would very likely be below that given

**FUNERAL NOTICE**

Members of Victoria Columbia Lodge No. 1, A.F. & A.M., B.C.R., are requested to attend at the Masonic Temple, Piggard Street, on Wednesday, May 8, at 2:15 p.m. to attend the funeral of our late Wm. Brother Charles Dubois Mason.

Members of other local lodges and sojourning brethren good standing are cordially invited to attend.

By order of the Wm. Master, J. R. SANDERS, Secretary.

**ANNOUNCEMENTS**

Victoria Musical Festival Association—Annual meeting Wednesday, May 8, in Council Chamber, City Hall, at 8 p.m.

Excursion to Bellinham—Tulip festival on Friday, May 10, on Sa. Princess Alice.

## Financial responsibility essential

An individual may be financially responsible at the time he is named executor in a Will. But he may be without resources and responsibility when his services are needed.

It is economy to appoint a corporate executor whose financial standing is time-tested and whose investments and records are subject to periodic Government inspection.

**THE CANADA TRUST COMPANY**

Victoria Advisory Board  
Sir Frank S. Barnard, R. H. B. Kerr, J. E. Wilson  
1205 Government St., Victoria  
H. B. Hunter, Manager

at a later date. They are registered from London.

Mr. Harker stated today that they proposed to settle on the coast and were looking into various business proposals before deciding upon the city or district in which to locate.

"We are just spying out the land," said Mr. Harker. Both he and Mr. Tennant are greatly impressed with the attractions of this city.

**Bread Pudding**

Flavor up-your bread puddings by using bits of candied orange peel, a few old-fashioned cinnamon drops or broken sticks of peppermint candy. Another way is to make fruit sauce, the very best of which is hot apple sauce, flavored with nutmeg and a bit of cinnamon.

**TO MAKE DEPOSIT**

Adding to his motion that new tenders be called, the clause that contractors place a five per cent deposit along with their next bids, Councillor Smith again moved that new tenders be sought.

When the motion was voted upon, Reeve Elrick cast the deciding vote in the affirmative, with Councillors Parley and Heald in the negative.

Councillor Heald stated that, although he was not averse to the calling of new tenders, he would stay with his original motion that the Kennedy, Leith Construction Company should be awarded the contract.

The council will advertise

ly taste this sweetmeat, my Love!"

THE Queen quickly accepts King Snick's invitation. She has already heard of the delicious "King's Choice" Chocolate Bar, and knows that the first bite will transport her to the seventh heaven of delight.

And you'll share her ecstasy when you taste this new confection—made of fresh coconut and fresh pineapple, dipped in butterscotch, and coated with milk chocolate. Refreshing, satisfying, delightful. It touches the right spot!

and other  
freight rates  
ham to St.  
which was  
before the  
sessions on  
postponed  
to the ill-

ness of Alistair Fraser, K.C., counsel  
for the Canadian National Railways.  
The applicants are seeking a rate of  
19.35 cents a hundred pounds. The  
rate to the port of Quebec is now 18.34  
cents a hundred pounds.

#### CENTENARIAN DIES

London, May 7.—Hiram Smith, aged  
100, died yesterday at the home of his  
niece, Mrs. C. A. Vollick, here. Mr.  
Smith was born at Lambeth, Ont. He  
worked on his farm until a few years  
ago and enjoyed good health until re-  
cently. His father lived to be ninety-  
two years of age.

#### Two in Toronto Burned to Death

Toronto, May 7.—Two prominent  
members of a local stock company,  
Miss Margaret Bird, thirty-five, and  
Forrest Cummings, fifty-two, were  
burned to death in an apartment on  
Jarvis Street here early to-day. They  
were with the Victoria Stock Company  
of the Victoria Theatre, which opened  
a new play last night. The cause of  
the fire is unknown.

### Like Well-planned Rooms Gardens Need Lovely Furniture

The planning of your garden is like the furnishing of your rooms. You enjoy flowers and lawns more when garden furniture is comfortable... fences well placed for seclusion... a pergola or Summerhouse for rustic beauty.

Discuss your plans with us. Let us help you make your garden the show place in your neighborhood. Garden furniture must be both artistic and durable... fences blend with garden setting. A massive pergola may be just the needed touch to make your garden perfect. Lemon, Gonnason lumber... Lemon, Gonnason master craftsmen, and friendly interest in serving you well, are some of the things which characterize your dealings with this institution.

## LIQUOR SOLD UNKNOWN TO SHIP OWNERS

New Yorker Tells Wash-  
ington That Dollar Liners  
Carry Intoxicants

Washington, May 7.—Representative  
F. H. LaGuardia, Republican, New  
York, said in the House yesterday that  
Capt. Robert Dollar, who recently an-  
nounced the sale of his dollar liners, was  
not permitted aboard his ships, did not  
know what was going on aboard his  
vessels.

"With all due respect to Capt. Dollar,  
he does not know what is going on  
aboard his own ships," the New Yorker  
declared. "Liquor is consumed on the  
Dollar ships and the officials know-  
ingly permit it and provide the ma-  
terials to facilitate its consumption."

LaGuardia expressed his views after  
Representative Cramton of Michigan,  
Republican, had read an editorial  
based upon the declaration of Captain  
Robert Dollar on the subject.

Cramton said he desired to show it  
was not necessary for United States  
ships to derive a proportion of their  
revenue from the sale of liquor. The  
LaGuardia further said the Dollar  
ships disobeyed the "spirit and letter  
of the Seamen's Act by the employ-  
ment of Chinese."

The New Yorker declared that Chinese  
"paid 24 cents a month," as Dollar  
employees, had been caught smuggling  
narcotics into United States ports.

"But the Dollars did not know any-  
thing about this," interrupted Repre-  
sentative Florence P. Kahn, Republi-  
can, California. "Nor are they re-  
sponsible for any liquor their passen-  
gers consume on board their ships."

## SENTENCED MAN'S NAME IS CLEARED BY CONFESSION

(Continued from page 1)  
number, Victor Chojcinski, whose body  
was recovered from a barnyard last  
Sunday by police.

#### TOLD WHOLE STORY

Anthony Kalkiewicz, arrested in  
connection with the gang's latest  
holdup and murder, told police com-  
plete details of the Art Metal Shop job.  
Five men took part in the holdup.  
They were, according to Kalkiewicz's  
confession, Kalkiewicz, two members  
of his gang whose names are known  
to the police, an imported Chicago  
gangster and Kalkiewicz. A sixth man  
implicated was Chojcinski. It was his  
knowledge of this crime and the threat  
to inform that led to his execution,  
Kalkiewicz said.

Larkman's conviction rested largely  
on the testimony of a woman witness,  
who swore positively she recognized  
him as one of the raiders. When  
Larkman was sentenced by Justice  
Brown, he said: "Thanks judge, but  
I am innocent."

## MARCHANT ASKS SPECIAL TERMS

(Continued from page 1)

"Therefore be it resolved that the  
Government be petitioned to grant an-  
nually a sum equivalent to the or-  
inary taxation upon the property held  
and administered for provincial  
purposes within the city or such  
amounts as may be established as of  
value equal to the services rendered,  
the grants to commence with the pre-  
sent year."

"Resolved further that a special com-  
mittee of the council be named to pre-  
sent this petition and to make such  
statements and arguments in support  
thereof as may be deemed expedient."  
The council declined to move out-  
right in the matter, but agreed to  
appoint a special committee to study  
the point at greater length, before mak-  
ing any petition to the authorities.  
The choice of the committee was left  
to Mayor Herbert Anscomb. Mean-  
while a study will be made of  
what other provinces are doing in re-  
gard to the upkeep of their capitals.

#### HEREFORD CANDIDATE

London, May 7. (By Thomas Cham-  
pion, Canadian Press Staff Corre-  
spondent).—The Labor candidate in  
Hereford is Henry Cooper, director of  
a dancing academy in the west end of  
London. Cooper claims he taught the  
Prince of Wales how to dance. It is  
not suggested, of course, that he will  
attempt to make a political capital  
from this interesting distinction. In  
any event Hereford is one of the com-  
paratively few ridings where the male  
electors still outnumber the women.  
The figures being 36,984 men and 19,860  
women. In 1924, S. Robert, Conserva-  
tive, was elected with a majority of  
4,606 over J. H. Whitehouse, Liberal.

## INDIGESTION, GAS AND SEVERE PAIN

Of the thousands of people whom  
Tanlac has saved from the misery of  
Indigestion and Stomach Trouble, none  
are more grateful than Mr. Fred Hill,  
349 Thames St., London, Ont. "I had  
about given out altogether," he says,  
"and was going down hill so fast that  
I thought nothing could stop me. I  
ate only two light meals a day and  
even then suffered until agonies from  
indigestion, gas and pains that just  
doubled me up. My nerves were  
wrecked; every bone in my body ached;  
I could not sleep; and just felt sick  
all over."

"Tanlac fixed me up so I could eat  
anything from soup to dessert without  
having indigestion. All my other  
troubles vanished like smoke. I picked  
up twelve pounds and never felt bet-  
ter. I never thought anything could  
do for me what Tanlac did."

"Tanlac corrects Stomach Trouble and  
builds up the whole system. It is  
nature's own remedy for the sick—  
rheumatism, gas and indigestion. Re-  
member, your money back if it doesn't help you;  
so get a bottle at your druggist's to-  
day."

**Tanlac**  
32 MILLION BOTTLES USED  
(Adv.)

## OPIUM SEIZED ABOARD LINER

Vancouver, May 7.—A seizure of  
opium, valued at something over  
\$7,000, was made aboard the liner  
Empress of France here to-day by  
officers of the customs preventive  
service, according to reports from  
that office. The seizure, consisting  
of eighty-three tins, was dis-  
covered hidden near the funnels.  
No arrests were made.

The search of the ship is being  
continued and the officers, it is  
expected, expect to uncover further  
caches of the drug.

## ELECTION SPEECH LEADS TO FIGHT

(Continued from page 1)

to the platform and rescued their badly  
bruised and battered leader.

The fight was carried on for a short  
time and when order was restored Boy-  
dell continued with his speech, de-  
claring he was quite prepared to settle  
the argument with Marwick by force  
if the latter preferred that method.  
He added that if Marwick would call  
at his address he would find him "fit  
and ready."

## BILL RAISES LEVELS OF U.S. TARIFF

(Continued from page 1)

#### SUGAR DUTY

The bill proposes a world rate of  
three cents a pound on raw sugar and  
a rate of 2.4 cents on raw Cuban sugar  
as against existing rates of 2.2 cents a  
pound on raw sugar and 1.76 cents a  
pound on Cuban sugar.

Under the new bill the tariff rate of  
refined world sugar would be 3.5 cents  
a pound and 2.8 cents a pound on re-  
fined Cuban sugar. The present rates  
are 3.2 cents a pound and 1.91 cents  
a pound.

The bill proposes no change in the  
rate on pig iron.

Long staple cotton would be left on  
the free list.

No limitation would be placed on the  
present free importation of sugar from  
the Philippine Islands.

#### WOOL DUTY

A three cent a pound increase on  
raw wool imports would be provided.  
The bill would make no change in  
the present rate of eighty cents a ton  
on sugar beets.

No change is proposed in the rate  
on white potatoes, oranges, lemons,  
raisins, peaches and peas.

#### CEMENT DUTY

The rate on hydraulic cement, now  
on the free list, would be placed at  
eight cents a hundred pounds.

Besides there being no change in the  
sugar beet rate, no change is proposed  
for other beets.

Duty on brown rice would be  
stepped up from 1 1/2 cents a pound to  
1 3/4 cents a pound, with a 1/4 of a cent  
a pound added to the duty on rough  
rice, fixing the rate at 1 1/4 cents a  
pound.

Hides and leather would be left on  
the free list and no duty would be  
placed on boots and shoes, who now  
are also on the free list.

The bill would provide for no change  
in jute, now on the free list.

#### TOBACCO UNCHANGED

No change would be made in any  
tobacco products.

Turpentine and rosin remain on the  
free list.

Changes proposed on other articles  
compared with the existing rates in-  
clude:

Raw wool (clean content) 34c lb. 31c.  
Fresh beef and veal 6c lb. 3c.  
Fresh lamb 7c lb. 4c.  
Fresh pork 2 1/2c lb. 3c.  
Cream 18c gallon. 20c.  
Fresh milk 5c a gallon. 2 1/2c.  
Sweetened condensed milk 2 1/2c lb.  
1 1/2c.

Oleomargarine 12c lb. 8c.

Cheese 7c lb. 5c.

Rice (brown) 1 1/2c lb. 1 1/4c.

Cherries (sulphured) with stems and  
pits 5 1/2c lb. no comparison.

Manchurian cherries 5 1/2c 40 per cent.

Cherries (stems tied) pits removed  
9c lb. no comparison.

Peanuts (unshelled) 4 1/2c lb. 3c.

Peanuts (shelled) 6c lb. 4c.

Beans (dried) 2 1/2c lb. 1 1/4c.

Beans (green or unripe) 3 1/2c lb. 1 1/2c.

Soya beans 2c lb. 1c.

Flaxseed 56c bushel. 40c.

Onions 1 1/4c lb. 1c.

Tomatoes 3c lb. 1c.

Mushrooms 60 per cent ad valorem.  
45 per cent.

Almonds (shelled) 10 1/2c lb. 14c.

Flax (hacked) 3c lb. 2c.

Flax (not hacked) 1 1/2c lb. 1c.

Flax straw 83 a ton. 82.

Hemp (hacked) 3c lb. 2c.

Hemp (raw) 1 1/2c lb. 1c.

Silk, partly manufactured, no change  
now. 35 per cent.

Silk nolis, exceeding two-inch, no  
change now. 35 per cent.

Printing paper (not specifically pro-  
vided for), no change now. 14c lb. and  
10 per cent.

Common building brick, \$10.25 per  
M. Free.

Shingles, 25 per cent ad valorem. Free.

Linseed oil 4 1/2c a pound. 33c.

Soya bean oil 5c lb. 2 1/2c.

#### MILK DUTIES

Sweetened milk, condensed or e-  
vaporated, would carry a rate of 2 1/2  
cents a pound, against the present  
duty of 1 1/2 cents, while unsweetened  
condensed or evaporated milk would  
bear a duty of 1 1/4-100 cents a pound,  
against the present 1 cent a pound.

The duty on hogs would be in-  
creased from 1/2 cent a pound to  
2 cents a pound, while that on  
fresh pork would be 2 1/2 cents a  
pound, against the present 1/4 cent  
a pound.

The duties on cattle would re-  
main as under the Fordey-  
McMuller law, but the rate on  
fresh veal would be advanced from  
3 cents a pound to 6 cents a  
pound, sheep, lambs and goats  
would bear an import duty of \$3  
a head, against the present \$2,  
with the rate on fresh lambs pro-  
posed at 7 cents a pound, an in-  
crease of 2 cents.

#### CEMENT AND BRICK

The bill would impose a duty on ce-  
ment, equal to 30.4 cents a barrel and  
duty of 1.25 a 1,000 on building brick,  
both of which are now on the free list  
under the 1922 law. The duty on tiles  
would be slightly increased, as would  
those on pottery and glassware.

#### JAPANESE LOSSES

Tokio, May 7.—Damage from cold  
weather to Japanese mulberry crops is  
estimated in press reports at 3,300,000  
yen (about \$1,555,000). In the silk-pro-  
ducing districts of Shikoku, Tohoku and  
Gyūga prefectures alone. Official esti-  
mates are not yet available.

## AUSTRALIANS ARE TOLD OF GAINS CANADA MAKES

Special to The Times

Sydney, Australia, May 7.—If there  
are any pessimists in Canada they  
should cheer up considerably on  
reading of the true state of that  
Dominion's affairs. The Sydney Sun,  
in a gloomy mood, holds it up in an  
editorial as a lesson to this Common-  
wealth. "Amid the gloomy spectacle  
of unemployment, deficit, and trade  
depression, Canada," says the  
article, "presents a cheery spectacle  
with its surplus, its demand for labor  
and its general prosperity."

"Although low-wage countries have  
been prosperous in the past, Canada  
does not attain her prosperity by lag-  
ging in the rear of other high-wage  
countries. Roughly, her wages are  
about equal to those of her neighbor,  
the United States, which for skilled  
workers is the highest wage country  
in the world to-day."

#### INDUSTRIES EXPANDING

"Canada's wages tend slightly to in-  
crease, while the purchasing power of  
money remains remarkably stable. Em-  
ployment is steady, and there is a  
regular and considerable expansion in  
industry. The conditions and stand-  
ard of living for the people are on the  
up-grade."

"The secret is not very profound.  
It is that Canada is working and  
producing."

"Her workmen, paid at high rates,  
are not bound by their union rules to  
limit their output. They give a full  
day's labor for a fair day's wage, and  
reap the benefit. They have not yet  
been startled by the idea that to work  
hard is to shorten one's life, and that  
the way to live happily is to lay 350  
bricks in the time taken by one's  
father-to-day."

#### STIMULATED BY COMPETITION

"On the employer's side, there is  
enterprise and search for new meth-  
ods. The employer in Canada, per-  
haps because he lives close to the  
United States and its industrial com-  
petition, does not hesitate to scrap an  
obsolete machine or method because  
it will cost a good deal of money to  
bring his plant or his system up-to-  
date. 'Yankee business methods' may  
be subject to criticism but in the mat-  
ter of keeping abreast of the times and  
spending money to make money they  
have proved themselves. Canada in  
adopting them, has not made any mis-  
take."

"While we restrict our production  
here by union rules and over-cautious  
methods," continues The Sun, "we also  
display an absurd prejudice against  
any increase of our population by im-  
migration. It is generally believed  
there is so much work in the country,  
just as much as there is so much beer  
or coal."

"Canada, knowing the only basis for  
big home industries (the surplus of  
which is exported) is a big population,  
encourages immigration. It does not  
call its English immigrants 'pommies,'  
nor regard all other Europeans with  
contempt and disgust."

"The lesson of Canada is plain to the  
meanest intelligence. It prospers not  
because each individual is full of his  
grivances or the sins of the other fel-  
low, nor because its politicians devise  
glittering programmes, but because it  
works."

#### LEADER NAMED BY ROTARIANS

(Continued from page 1)

character. What a youth believes is in-  
finitely more important than what he  
learns in textbooks."

The newly organized club at Mary-  
ville, Wash., was presented with the  
Governor's Silver Cup for sending the  
highest percentage of members to the  
convention. Organized April 15, the  
Maryville club sent its entire nine-  
teen members to the conference.

#### NEW TASKS

"Men and Youth" was the subject  
of a forceful address given by Dr. F.  
J. Kelley, president of the University of  
Idaho at Moscow, Ida.

"I am not one of those calamity  
howlers who believe youth is on the  
way to the bow wows," said the speaker.  
"For the young are meeting their obli-  
gations better than we did. But they  
have a more difficult task than we  
had, a task created by universal edu-  
cation."

"In our youth we were not compelled  
to do our own thinking. We lived in a  
religious period where we were ruled  
by fear of consequences. Our minister  
preached fire and brimstone. This  
period is past. Now our young people  
think for themselves and they dis-  
cuss problems we older people converse  
about behind closed doors."

Dr. Kelley declared that sufficient in-  
spiration was given to youth. Next to  
school education came, in importance,  
film education, and so long as films  
were allowed to break down respect  
for the home and exploit sex so long  
would evil consequences follow.

#### PUBLIC GETS BEHIND PLANS FOR MAY 24

(Continued from page 1)

that have so often delighted Victoria  
audiences, and choir singing by  
juvenile choirs that have already made  
a big name for themselves in musical  
festivals. In addition the schools will  
have a programme of sports of their  
own.

International lacrosse and baseball,  
bicycle and foot races, an intercity  
outdoor checker board tourney, whip-  
ple and horse races are some of the  
features that will be held at Athletic  
and other grounds during the period.

The morning of May 24 will be a big  
sports occasion, with fun for all.  
Details of the parade are yet in the mak-  
ing, but already a large volume of  
excellent entries has been promised.  
Fireworks will be seen after dusk that  
evening.

#### CARNIVAL FUN

In the evening of the same day  
carnival fun will rule at the Mystery  
Night at the Crystal Garden. There  
the festivities committee are prom-  
ising "five dollars' worth of fun for  
fifty cents," and are going to make  
good on the promise.

A Whippet car will be given away  
in connection with the Crystal Garden  
carnival. Details of the actual pro-  
gramme at Victoria's big pool are held  
in trust at present, but will include  
up-to-the-minute novelties from New  
York, wizards in magic feats, and a  
host of attractive turns by surprise  
artists.

Already from the responses received  
from Island organizations and citizens  
of the Greater Victoria area, the com-  
plete programme of events in con-  
nection with Victoria Day promises to be  
supported by a public outpour for a good  
time, and ready to help all events  
along with the real carnival spirit of  
carefree enjoyment.

## Raine Acquitted In County Court

Appearing for speedy trial before  
Judge Lammiman in County Court yester-  
day afternoon, John S. Raine was  
acquitted. After two witnesses had  
testified for the Crown, Stuart Hend-  
erson, counsel for the defence, moved  
for dismissal. His Honor ruled there  
was no case to meet, and discharged  
the prisoner, who had been arraigned  
on a charge of indecency. W. C.  
Moresby, K.C., appeared for the Crown.

## COUNCIL IS INTERESTED IN POWER

City Will Probably Move to Be  
Heard at Government  
Tribunal

Disposition of Campbell River  
Power Rights May Affect  
Whole Island

Little new light was thrown on the  
Campbell River power rights case at  
the meeting of the City Council last  
night. In the face of contrary advice  
to the effect that it should demand  
an explanation, seek representation at  
the Government hearing on May 15,  
ask for a delay, and press for no delay,  
the council decided to leave the ques-  
tion with its industrial committee for  
further study and report.

Mayor and aldermen agreed on the  
point that the city of Victoria was a  
vitally interested in the development  
of Campbell River power as any other  
community on Vancouver Island, and  
that it would seek representation at  
the official hearings in any event.  
The disagreement came as to whether  
or not the city should present its own  
case or endorse the case of one or  
other of the applicants before the  
Provincial Board.

Alderman H. O. Litchfield was for  
asking an outline of what terms the  
Government would impose on the  
grantees for the power concession, and  
for a delay in any settlement until  
the city had time to examine the facts.  
This course failed of adoption on  
several grounds.

Alderman W. T. Straith, stating that  
the industrial committee had studied  
the question for ten days and was pre-  
pared to study it some more, carried  
the day.

From the discussion it appears cer-  
tain the city will formally ask leave to  
be officially represented at the Pro-  
vincial sittings on the power develop-  
ment issue, with at least an independ-  
ent statement of its own interests  
in the case. Instances were cited last  
night where Victoria lost out industri-  
ally by reason of the power supply  
situation in recent years.

## ALBERTA PIONEER DIES AT RIPE AGE

Late John Ross Came Here  
Fifteen Years Ago From  
Edmonton

After a lengthy illness, John Ross,  
a well-known pioneer of Alberta,  
passed away last evening at his resi-  
dence, 349 Linden Avenue, at the ad-  
vanced age of eighty-five years. He  
had been a resident of this city for the  
last fifteen years.

Born in Pictou County, Nova Scotia,  
in May, 1842, Mr. Ross was engaged in  
the building trade in Ontario for sev-  
eral years until 1882, when he came  
West to Winnipeg, where he had charge  
of the construction of the jail. Later  
he was employed by the Government  
in putting up the Royal Northwest  
Mounted Police Barracks at Regina, the  
building in which the notorious Louis  
Riel was confined before his execution.

For three and a half years he served  
as farm instructor at Peace Hills, Al-  
berta, for the Government and was  
then Indian agent at Saddle Lake  
until 1897. After moving to Edmonton  
in 1897, Mr. Ross engaged in real estate  
and insurance business, and also in  
buying and selling cattle. He con-  
tinued in the successful conduct of  
this business until 1905, when he re-  
tired, and his son afterwards managed  
the business under his name.

Mr. Ross was a member of the Ma-  
sonic craft and the Independent Order  
of Odd Fellows.  
He was first married in Exeter, Ont.,  
in 1864, to Miss Mary McConnell. She  
was a native of Goderich, Ont. They  
had three children: Vesta, wife of Mr.  
S. Taylor, K.C., resident in Califor-  
nia; Holland W. Ross, and Lottie  
Belle, wife of Dr. J. Douglas Maclean  
of Telfordville, Alta. Mr. Ross sub-  
sequently married Miss Ida Mae Gow-  
land, who survives him.

The funeral will be held from Mc-  
Call Bros. Funeral Home to-morrow at  
2 o'clock. Services will be conducted  
by Rev. W. G. Wilson, D.D., assisted by  
Rev. W. H. Smith, D.D., and Rev. John  
Robson of Vancouver.

Interment will be made in the  
family plot in Ross Bay cemetery.

## Ganges

G. Borrodale left on Thursday for  
a holiday in Vancouver.

G. F. Roberts has returned from  
Vancouver, where he passed examina-  
tions for the Forestry Department.

Mr. and Mrs. J. C. Kingsbury have  
purchased the land owned by H. Cas-  
person on Ganges Hill.

Mr. and Mrs. C. Stuart-Holmes left  
Ganges on Friday for England. They  
expect to be absent several months.

Miss Shirley Wilson, who has been  
visiting Mrs. D. T. Forbes, Shoo Bay,  
Victoria, has returned to her home at  
Ganges.

Mr. and Mrs. Duckworth of Vancou-  
ver, arrived on Tuesday at their prop-  
erty on the Cranberry Mountain.

Miss Joan Hardy, R.N., who has  
been the guest of Dr. E. Sutherland at  
Ganges for several weeks, left on Mon-  
day for Victoria.

Miss Inmell of Victoria on Wednes-  
day joined the staff of the Lady Minto  
Hospital.  
H. Bishop of Mayne Island was a  
visitor to Ganges on Thursday.  
Mrs. Douglas Hamilton and small  
son left on Saturday by launch for  
Victoria, where they will spend a  
week with friends.  
Following is the monthly report of  
the Lady Minto Gulf Islands Hospital,  
Ganges:  
Patients carried over from March,  
seven; patients admitted in April,  
twenty; obstetrical cases, one; medical  
cases, eleven; births, one; discharged,  
seventeen; patients remaining in hos-  
pital, two.  
List of donations—Mrs. G. C. Mount,  
old linen; Mrs. W. H. Wilkerson, Victo-  
ria, papers and magazines; Mrs. H.  
Johnson, cauliflowers and cabbages;  
Mrs. W. J. Page, pansies and flowers;  
Mr. McPherson, rhubarb; Mrs. T. F.  
Speed, two dozen eggs; Mrs. T. Reid,  
two dozen eggs; Mr. L. Simpson, mag-  
azines; Guild of Sunshine, one dozen  
cups and saucers and one dozen table  
glasses.  
Mr. Boulton of Vancouver has been

## TOOK THE HEART OUT OF HIM

"FRUIT-A-TIVES" Re-  
stored Vim and Vigor

What a blessing "Fruit-a-tives" proves  
to those worn out and weary by the  
day's work. A blood purifier, a builder  
of health and strength, this marvelous  
medicine, made of an extract from  
fruit juices, combined with the finest  
medicinal ingredients, is just what is  
needed to regulate bowels, kidneys and  
skin—sharpen the appetite—steady  
the nerves—and restore the whole sys-  
tem to its former vigor and vitality.  
As Mr. John O. Ringheim, Wynndel,  
B.C., writes: "My nerves were com-  
pletely gone and I was so tired out  
and run-down that work seemed im-  
possible. Since taking "Fruit-a-tives"  
I am eager to work and life is worth  
living again."  
One cannot realize, until he has gone  
through the mill, how fine it is to be  
well again. I owe my present good  
health to "Fruit-a-tives." Try it, 25c  
and 50c a box—at dealers everywhere.  
(Adv.)

spending a few weeks at Ganges, the  
guest of his sister and brother-in-law,  
Major and Mrs. A. Rowan.  
Miss Betty Hadley, who has been at-  
tending the University in Vancouver,  
has returned to "Saudal," North Salt  
Spring, for the summer.  
S. H. Harney of Dublin, Ireland, is  
registered at Harbor House.  
Mrs. Layard of Deep Cove has been  
visiting her niece, Mrs. Norman Wilson,  
of Nanaimo, B.C.  
Miss Cartwright, who has been visit-  
ing Mr. and Mrs. Kingsbury at Gan-  
ges, has returned to Victoria.

## MAY EARMARK GIFTS TO ARMY

Close Check on Funds Prac-  
ticed By Salvation Army

Few businesses are carried on more  
efficiently and economically than the  
work of the Salvation Army. The  
founder of the army early recognized  
that failure in any direction to use  
his funds to the best advantage meant  
work correspondingly curtailed. Re-  
garding money solely in terms of al-  
ternative eternities for human souls,  
it was little wonder that the late Gen-  
eral Booth went far to make sure that  
every shilling was spent to the best  
advantage. The system of which the  
former chief laid the foundations ob-  
tains to-day throughout the organiza-  
tion.

People who contribute to religious  
and charitable objects may rest as-  
sured that no money they give will  
be accomplished more than that which  
they send to the Salvation Army.

This is the week of the army's  
special appeal. Its members are called  
on to deny themselves of all but the  
very bare necessities that the coffers  
may be filled to carry forward the  
work for another year. At the same  
time the general public is asked to  
help. From some response will come  
as a result of compassion for the out-  
casts, its ministry to whom is the glory  
of the Salvation Army. On the other  
hand, many people who are not in  
sympathy with the religious side of its  
operations recognize that, from the  
point of view of social well-being, money  
given to the army is money well spent.

The trusts of the army are as fol-  
lows: The central fund, from which it  
provides for the maintenance of its  
evangelistic work; the missionary fund,  
from which our work in non-Christian  
lands is supported (one-half of the  
self-denial money raised in each coun-  
try goes to this fund); the special pur-  
pose fund, embracing gifts for special  
work named by the donors; and the  
social fund, from which the social  
work is supported.

The donor may indicate to which  
fund he wishes his contribution to be  
added, and his request will be scrup-  
ulously carried out.

They feel well...  
they look well...  
they work well...  
they chew a Feen-a-mint for  
easy, quick relief from con-  
stipation. Tastes just like  
delicious chewing gum—but  
contains a marvelous laxa-  
tive that won't cramp, gripe,  
or drug the system—be-  
cause it's done. Learn  
work is done. Learn  
reasons why

millions  
of people

**FACE "SHINE" Crazy Woman Is Saved From Awful Death**

Winnipeg, Man., May 7.—After a frenzied battle on a narrow window ledge of the Misericordia Hospital, far above the ground, a crazed woman patient was saved from an attempted jump to death. Two doctors and three nurses restrained the woman, as 100 spectators gazed below.

After freeing herself from a straight jacket, the patient had climbed to the window, thrown off the screen and stepped out on the ledge. A nurse grappled with her and called aid which arrived barely in time to avert a tragedy. Hospital authorities withheld the name of the patient.

British-Israel Meeting—At the British-Israel headquarters in the old Board of Trade Building, Major Fort will speak to-night on current events.

Effective May 12, the afternoon boat to Vancouver will leave Victoria daily at 1.45.

**Admiral Campbell Arrives To-morrow**

Admiral Campbell, V.C., D.S.O., will arrive here to-morrow morning. There will be no official reception as the distinguished officer has expressed a wish for a quiet entry after his strenuous work during a long tour.

He will be met by Commander Murray and H. W. Hart, who is in charge of the lecture arrangements, and will not appear publicly until the lecture at the Royal Theatre at 8.30.

**WRIGLEY'S SPEARMINT**

THE PERFECT GUM LASTS

MENTHOL FLAVOR

cooling refreshing

Dry mouth and parched throat are grateful for the refreshing coolness of Wrigley's Spearmint. The delightful flavor recalls the joyous freshness of springtime.

Wrigley's whitens teeth, sweetens the mouth, clears the throat and aids digestion, while the act of chewing calms and soothes the nerves.

All these are positive benefits which are in addition to the pleasure Wrigley's affords young and old.

Makes the next smoke taste better.

**Your Baby and Mine**

By MYRTLE MEYER ELDER

Mrs. Elmer will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

**QUESTIONS ASKED BY THE MOTHER OF ONE**

Mrs. C. D. T. writes:

"I am a young mother of a nine-months old baby who is a perfect little devil. He is in perfect health and normal weight, and though he cannot walk he does plenty of creeping. He is so strong that I have to strap him in his coach when I go out walking. As the strap goes around his waist shall I loosen it when he goes to sleep?"

"His face is covered with scratches which I could not stop by cutting his nails. As he does this when lying in his coach, the doctor told me to tie his hands, one to each side. Do you think this is the right thing?"

"When he is out for an airing I often have to give him his bottle, and as our street is dusty, shall I put a veil over his face to keep out the dust that might get on the nipple or the pacifier if he has that?"

"I have been using ventilated rubber pants this winter; shall I use them this summer? How long will it take to train his ears back if I use adhesive tape on them? As he sleeps from eleven to twelve hours at night I think I have a model baby."

**ANSWER**

Presumably the "little devil" had nothing to do with his behavior, since you later consider him model. I was a little surprised at that last in view of the first.

I am afraid there is room for some improvement. Pacifiers are never given to babies. They do not need to be entertaining themselves sucking on these rubber contrivances and encouraging a nice growth of adenoids and a misshapen jaw by so doing. Throw it away to-day.

If the harness isn't tight, and it shouldn't be, it ought not to trouble the baby when asleep, so I don't think it makes any difference whether you loosen it or leave it in place.

I consider it a bad practice to tie the poor child's hands. Why not put a pair of loose cotton mittens on him when you find he is scratching his face, and take them off when you can watch him and prevent it? Even a small wrapping of cardboard at the elbow, which would prevent his reaching his face but still allow his arms to move about, would seem to me better than this. Keep the nails very short. He'll get over this habit.

The amount of dust baby gets on a nipple which he is busily manipulating in his mouth would seem negligible. I have never known the time that I thought a veil for a small baby advisable.

If the pants are only used when baby is out and not all night or all day, their occasional use would be harmless.

Personally I don't think that ears which, by heredity, do stand out from the head can ever be made to change their shape by tapes. If caps or tapes are successful it would be from constant use over a long period of time. How long, no one could say.

**THE WORLD'S RICHEST BABY**

Little Cordelia Mellon Scaife, believed to be the richest baby in the world, is shown as she was taking an airing the other day near her home in Pittsburgh. She is the daughter of Mr. and Mrs. Allen Magee Scaife, and is a granddaughter of R. B. Mellon and grandniece of Andrew W. Mellon, secretary of the treasury. Some day she may be heiress to the Mellon millions, of which there are many.

**MOTHERS AND THEIR CHILDREN**

**Woman's Husband Disappears; Lost Daughter Same Way**

Sault Ste. Marie, Ont., May 7.—The long arm of coincidence stretched across a period of over forty years to bring a second disappearance into the life of Mrs. Peter Dunphy, when her husband Monday evening walked out of the house in his carpet slippers to disappear from view, despite an all-night search.

More than two score years ago, in August, 1888, thirteen year-old Maude Gillespie, daughter of Mrs. Dunphy's by an earlier marriage, walked out from the family home about five miles from Thessalon to pick berries and from that day on nothing definite has been known as to her fate.

At the time it was believed that she had been kidnapped by Indians and various stories of traces of the girl having been found have been reported from time to time, but although the search was kept up for years, Maude was never located.

It can be modeled into a number of things. Older children enjoy using it to make relief maps. A few drops of coloring added to different batches makes it still more fun to use.

**MUD PIES WITHOUT MUD**

One Mother Says—

I have solved the problem of mud pies without mud by making for my small children a dough-like mixture. Two parts flour, two parts salt, one part water. It has all the fascination

**The Place by Marion Leader**

**The Charming Hostess**

Marion Hopkins—naturally that is not her actual name—is the most charming hostess I have ever known, and she has never enjoyed an income of more than \$2,500 a year in her life. There is something fine about her way of doing things; her acts are well-balanced. One never finds too many persons about her house. Her entertainments never give her guests the embarrassed feeling that they have accepted too much from a generous but limited purse.

Hospitality of this character. I have come to believe most emphatically, is not merely a gift, but also the result of thought and study and research. Such hostesses as the one I have mentioned seem always in touch with the newest and best things of this present day.

Marion, I know, is an unremitting student of the newspaper. She finds the advertisements yield only the yield of the new and the pleasing, but the solution of many economies that she must practice if she will indulge her love for entertaining.

**SIR HAMAR GREENWOOD IN TORONTO**—The Canadian-born British statesman, Sir Hamar Greenwood, who are enjoying a holiday visit in Canada. This is Lady Greenwood's fourth visit to her husband's native land.

**M.P.'s DISCUSS SALARY CHANGES FOR POSTAL MEN**

Premier Says Government Willing to Readjust Pay of Those Who Struck

Ottawa, May 7.—Ten years after it took place, echoes of the Winnipeg strike were heard in the House of Commons yesterday. Hon. F. J. Veniot, Postmaster-General, laid before the House a proposal to provide for readjustment of salaries of postal workers who went on strike but were subsequently re-employed at reduced salaries. The resolution of the Postmaster-General, in brief, has the effect of restoring to these employees the money they have lost through the fact that they returned to work in inferior positions. The cost of doing this is estimated to be approximately \$125,000.

After a good deal of discussion of Mr. Veniot's resolution, the House in committee finally rose and reported progress so it might be revised.

The employees afflicted total ninety-six. There are seventy-nine in Winnipeg and the balance in Calgary and Saskatoon.

**PREMIER SPEAKS**

During the discussion Premier King observed there were two distinct principles involved in the question. The principle of reinstatement had had to be settled by the Government of 1920, and he was not questioning that procedure. The question of remuneration provided a second principle and still remained to be settled. Since a former Conservative Government had made it plain it was prepared to reinstate workers in spite of the strike, these men should be paid on the basis of the work they did. The economic principle that "a man should get what he earns and earn what he can" was involved.

**OPPORTUNITIES LOST**

Since the strike ten years had passed. The men were rendering a specific service and were receiving less pay than they otherwise would receive. So long as a condition of that nature existed, the sense of injustice would remain. If that was true today, then it was equally true from the moment these men had begun to give service for which they were not being paid. The Government, as an employer, did not want them to have the feeling it was requesting men to work for less money than they were entitled to. The Government would go no further than that.

The men had suffered a severe measure of punishment in opportunities lost and in the loss of seniority.

**RE-EMPLOYMENT**

Hon. R. B. Bennett, Conservative leader, said the Prime Minister throughout his remarks had used the word "reinstatement." The order-in-council had permitted re-employment, but not reinstatement.

The Premier said he would eliminate the word "reinstatement" and accept the word "re-employment." The Conservative Government of 1920 had decided certain men might be re-employed "by order-in-council," thus settling the principle that the men who had gone out on strike could be re-employed.

The question now arose as to what

**NO KISSING**

There'll be no promiscuous kissing in Oakland, Calif., if city health authorities have their way. Bubs like the one shown above, worn by Gilbert Fisher, which carries, "I don't want to get sick" as an additional appeal, are being issued to fond parents.

**PLAID MILLINERY**

A sheer plaid straw hat, in gay greens, tans and red, topped a plaid gossamer frock in the same design at a recent fashion show and made a tremendous hit. Plaid hats come in felt, too.

**NAUTICAL TOUCH**

A white flat crepe blouse, of the tuck-in variety, has navy blue touches in much the manner of a sailor blouse. Its collar is cut square in the back and banded with blue, and stripes of blue adorn the sleeves.

**AMMONIA WASH**

All brushes should be given careful ammonia washes in warm weather. Brooms and whisk-brooms are the better for such attention, also.

**HUGE RUG FOR WINNIPEG HOTEL**

The above photograph shows an extraordinarily large rug, size forty-eight feet by forty-five feet, specially manufactured for use in the Fort Garry Hotel, Winnipeg. This rug weighs over a ton and will be used in the dining-room of this hotel. The rug was entirely manufactured by the Toronto Carpet Manufacturing Company, the only manufacturer in Canada with facilities for handling a rug of this description. It took twenty-two men to load it on the freight car.

# Leo Diegel Leads Field In British Open Tournament

## Canadian and U. S. Champion Turns In Low Card With 144

Plays Fine Golf to Top Field of 240 in Qualifying Round of British Open Golf Championship; Cyril Tolley, British Amateur, is Second, Six Strokes Behind Leader; Walter Hagen, Defending Champion, Has 154; Johnny Farrell, U. S. Open Champion, Manages to Squeeze in With Total of 160; George Duncan Has 151, While Archie Compston Has Total of 152; Championship Proper Starts To-morrow

Gullane, Scotland, May 7.—With a score of 144 for the thirty-six holes for the qualifying round, Leo Diegel, professional champion of the United States and Canadian open champion, led the field of 240 in the first stage of the British open championship competition. Six strokes behind Diegel with a score of 150 comes Cyril Tolley, British amateur. There appears a considerable list of British and United States stars with scores ranging from 153 to 160. Back of Tolley trailed another Briton, Arthur Havers, professional, whose fine round of seventy-two to-day gave him a qualifying total of 153.

Then came three Americans. Walter Hagen, defending champion, had all sorts of difficulties but finally turned up with a 79 for a thirty-six hole total of 154.

A stroke behind him was "Wild Bill" Mehlhorn of New York, who added a seventy-six to his seventy-nine of yesterday. Joe Turnesa, who scored a seventy-nine yesterday, needed eighty at Muirfield to-day and had to be satisfied with an aggregate of 159.

Gene Sarazen scored seventy-five to-day for a total of 156, and Tommy Armour, former American open champion, added a seventy-eight to his seventy-seven of yesterday, making a 153.

Horton Smith, Joplin, Mo., traveled the course today in seventy-six for a total of 154.

Macdonald Smith, New York, shaved two strokes off his card of yesterday, making seventy-seven to-day for a total of 156.

John Golden scored a seventy-seven for a thirty-six-hole total of 156.

As the scores mounted, chiefly because of the high wind, it was predicted that a thirty-six-hole total of 164 might qualify. Thus, Ernest Whitcombe, British Ryder Cup player, with an eighty-four and eighty, total of 164, might just squeeze in.

Henry Cotton, young British pro, hit his stride to-day to turn in a score of seventy-four for a total of 153.

Perry Alliss, German open champion, followed a round of eighty-five yesterday with seventy-seven to-day, to stop on the border line of qualifying with a total of 162.

Hagen had trouble not only with his long game but on the greens as well. He was constantly in trouble on his first nine but some improvement came home, although he needed a six on the sixteenth.

Joe Turnesa of New York, needed all his craft to bring his score down within the probable qualifying list.

At the third diegel hole a twenty-foot putt was needed to get a two at the short fourth and bagged a par five at the fifth, although he was trapped near the green. At the 450-yard sixth, he sent his iron a yard beyond the pin, added another three at the seventh and got the difficult par four at the eighth.

At the ninth he could have gone for the green after a tremendous smash into the wind but he attempted to play safe and pushed his shot. His niblick to the green left the ball ten yards from the cup and after putting almost dead, he missed, much to his disgust.

Phil Perkins, British amateur champion, hooked his way into the select circle of qualifiers with seventy-four for a total of 152.

Arnaud Massey, French pro, had seventy-seven today for a total of 155. Josiah Crane, veteran Boston amateur, took eighty-four for a total of 172.

Archie Compston required seventy-seven strokes for his round today, this figure establishing him well up with a total of 152.

George Duncan's good seventy-five gave him a score for the two days of 151.

Willis Mackenzie, Scottish champion, scored seventy-nine for a total of 157. Aubrey Bomer turned in a card of seventy-eight for a total of 153.

Al Watrous had a good seventy-five and took his place among the safe ones with a total of 152.

Abie Mitchell had seventy-eight to-day, giving him a thirty-six-hole score of 153.

Joe Jurado, Argentine, scored seventy-seven for a total of 153, playing steadily all the way.

FARRELL GETS IN  
Johnny Farrell went around in seventy-eight today for a qualifying round of 160, and was beaten as safely in the first hundred to go into the championship proper to-morrow.

**Tod Morgan Signs To Defend Crown**  
Chicago, Ill., May 7.—Promoter Paddy Harmon of the Chicago Stadium yesterday signed Tod Morgan of Seattle, junior lightweight champion, to meet the winner of the Andre Routis-Tony Conzopieri fight, which will be decided here Friday night. Routis is the present featherweight champion, and if victorious his match with Morgan will involve two titles, as Morgan has agreed to weigh in under the featherweight limit of 128 pounds.

**Tottenham Win Challenge Cup**  
London, May 7.—In the final game for the challenge cup for London soccer clubs yesterday at Highbury, Tottenham Hotspurs defeated Millwall 6-1.

## WINNERS OF CANADIAN BASKETBALL CHAMPIONSHIP

NEW WESTMINSTER ADANACS

British Columbia's star basketball team who defeated Windsor Collegiate Alumni in the finals for the Dominion title. The Royal City team displayed a great fighting spirit to come from behind in the final game of the series and defeat the former champions by three points, winning the round by a single point. Those in the above picture are as follows: Top row, left to right—"Hop" Wilkie, Bill Gifford, Dick Butler and Willy Mayers; centre row, Bill Mackie, trainer; E. R. McMillan, president, and Hugh Gifford, coach; bottom row, Ted McEwan, Doug Fraser, "Chick" Hood and Howie Mayers.

## ONE POINT IS MARGIN OF VICTORY

Vancouver Lady Golfers Defeat Victoria Team in Match For Hunting Cup

Miss Marion Wilson, Present B.C. Champ, and Mrs. Hutchings Finish All Square

By the narrow margin of one point the Vancouver team of lady golfers retained the Hunting Cup yesterday afternoon at the Victoria Golf Club in their annual match against a local team.

The final score was: Vancouver 6 1/2, Victoria 5 1/2. The local players put up a great fight before succumbing to the mainland club winners.

Miss Marion Wilson, present British Columbia champion, and Mrs. Vera Hutchings engaged in a great fight, the match ending all square. Mrs. S. C. Dawson, Dawson 1, Mrs. Parry 1.

Mrs. McAllister 1, Mrs. Wilding 0. Mrs. Chiene 0, Mrs. Godfred 1. Mrs. Quigley 1, Mrs. Bennett 0. Mrs. McDonald 1, Mrs. Gillespie 0. Mrs. Dawson 1, Mrs. Leeming 0.

Mrs. Reid 1, Mrs. Richardson 0. Total—Vancouver 6 1/2, Victoria 5 1/2.

The number four is 170 yards long. Mathieson's shot hit four feet in front of the pin and trickled in.

Mathieson had a 10 on one hole yesterday, but made amends for it with his unusual shot to-day. It was the first hole in one scored in British open championship play since Abe Mitchell scored one at Deal in 1920.

## Frank Patrick To Apply For N.H.L. Franchise For Himself And Associates

Vancouver, May 7.—Frank A. Patrick left for the East last night to implement, by a personal appearance before the N.H.L. directors, a recently forwarded application for a Chicago berth in that league.

The request for a franchise is made on behalf of Mr. Patrick and Chicago Associates.

For some time Mr. Patrick has been in touch with the Harmon group in Chicago and recently a bid was made for his hockey services.

Mr. Patrick countered with a demand for a ten-year lease of the new building there for hockey purposes and he is ready to go through in both propositions providing his bid for entry into the big league is acceptable to the Eastern magnates who meet in Montreal on Saturday.

Frank Patrick is being accompanied on the trip by Lester Patrick, manager of the New York Rangers, who will attend the meeting as the representative of the New York team. Lester expects to be away for about three weeks.

## U. S. Worried Over Davis Cup Matches With Canada's Team

Presence of Marcel Rainville, Young French-Canadian Tennis Star, Who May Be Player of Same Ability as Cochet and Lacoste, is Causing Americans to Take Forthcoming Series With Dominion Next Week More Seriously Than Expected; George Lott is Called Upon to Hold Himself in Readiness to Play

New York, May 7.—It may be because of the presence of a young man with the disturbing French-sounding name of Marcel Rainville in the opposing ranks, but the tennis powers behind the U. S. Davis Cup tennis campaign appear to be taking the forthcoming match with Canada more seriously than might have been expected.

Not content to rest the country's requests in the capable hands of John Hennessey, John Van Ryn and Wilmer Allison, the Davis Cup committee has called upon George Lott to hold himself in readiness to play "in event of emergency," although that individual is making a serious effort to go to college and took no part in the Southern tournaments which were to serve as tryouts.

Apparently the "emergency" feared is the possibility of disconcerting reverses at the hands of the Canadians in the early matches of the United States-Canada contest at Montreal a week from Thursday, Friday and Saturday. Yet the records indicate no real ground for apprehension unless the aforesaid Rainville, a youthful French-Canadian, making his first appearance on the team, is of the same ability as Cochet and Lacoste.

While commanding respect as good, sound tournament players, Jack Wright and Willard Crocker, the veterans of the Canadian team, have never inspired much fear in the hearts of ranking U. S. stars. With this pair doing most of the playing, Canada, since try except Cuba and has been pulverized repeatedly by Australia and Japan. Dr. Art Ham, the fourth Canadian, is about on a par. Last Summer the Japanese downed Canada by four matches to one, to lose all five matches to the United States later.

Bill Tilden was on that team but the younger players ably supported their leader. Hennessey and the team's baby, Junior Coen, winning their matches and George Lott giving Tilden valuable assistance on the doubles.

## National League Race Expected to Be Real Dog Fight

Victories For Three of Four Eastern Clubs Yesterday Served to Tighten Up League Race; Boston, Present League Leaders, Were Only Eastern Club to Suffer Defeat, Losing to Pittsburgh 4-3; New York Giants Come Out of Batting Slump to Defeat St. Louis 3-1; Poled Out Three Home Runs to Gain Victory; Yankees Score Four Runs in Tenth to Win

The National League pennant, it would appear, will go to the team possessed of the greatest stamina and of a fair share of the "breaks." The league has had so many dogfights in recent years that the customers have come to expect them. It looks like they will have little, if anything, to complain of this season. Victories for three of the four Eastern teams in the frays with the invaders from beyond the Alleghenies yesterday served to tighten the race that Boston, in first place, now is removed from Philadelphia in last place, by only three and a half games.

Boston's leading Braves who have astonished not only the baseball world but themselves, by holding onto the league lead, were the only Eastern club to meet defeat. The Braves, despite a two-run rally in the ninth, dropped a 4-3 decision to the Pittsburgh Pirates who vaulted into fourth place in the standings.

Cubs are beaten—Philadelphia's new out the Chicago Cubs 2-1. Pinky Whitney's single with the bases loaded in the ninth, broke up a pitching duel between Wiloughby and Blaker.

The New York Giants finally beat St. Louis but needed three home runs to pull out with a 3-1 verdict.

The reformed Brooklyn Robins, who had been out of the league for a while, played a 4-3 decision to the Pittsburgh Pirates who vaulted into fourth place in the standings.

Seven runs were scored in the tenth inning of the American League between the New York Yankees and Chicago White Sox, but the Yankees scored four of them and won the battle 7-6. Harry Heilmann's two home runs helped the Detroit Tigers down Boston for the third straight time.

Minus Walter Johnson, who is ill with influenza, the Washington Senators nevertheless played good ball in swamping Cleveland 13-5.

Philadelphia and St. Louis were kept idle by rain.

NATIONAL LEAGUE  
At Boston—R. H. E.  
Pittsburgh..... 4 3 0  
Boston..... 3 8 0  
Batteries—Sweeton and Hargreaves; Hemley, Jones, Delaney, Wertz and Spohrer.

At Philadelphia—R. H. E.  
Chicago..... 1 5 2  
Philadelphia..... 2 4 1  
Batteries—Blake and Grace; Wiloughby and Davis.

At Brooklyn—R. H. E.  
Cincinnati..... 3 10 1  
Brooklyn..... 12 15 1  
Batteries—May, Kolp and Gooch; Dixon, Clark and Picinch.

At New York—R. H. E.  
St. Louis..... 1 6 1  
New York..... 3 11 0  
Batteries—Mitchell and Wilson; Walker and O'Farrell.

AMERICAN LEAGUE  
At Chicago—R. H. E.  
New York..... 7 13 0  
Chicago..... 6 14 0  
Batteries—Hendrick, Moore and Jorgans; Dickey, Welland, Thomas and Berg.

At Cleveland—R. H. E.  
Washington..... 13 14 2  
Cleveland..... 5 9 0  
Batteries—Braxton and Tate; Holway, Grant, Moore, Hartley and L. Sewell.

Boston..... 8 13 0  
Detroit..... 6 13 0  
Batteries—M. Gaston, Bayne and A. Gaston; Carroll and Shea.

At Philadelphia—St. Louis, postponed; rain.

INTERNATIONAL LEAGUE  
Jersey City 4, Rochester 5.  
Baltimore 6, Buffalo 6.  
Reading 0, Montreal 1. (Twelve innings.)

Newark 6, Toronto 7. (Eleven innings.)

AMERICAN ASSOCIATION  
Toledo 2, Minneapolis 5.  
Columbus 6, St. Paul 3.

THE BIG SIX  
The American League members ran away with the show yesterday in a heavy-hitting afternoon. Every one of the "Big Six" got at least one hit, but Gehrig, Ruth and Goslin did a little more. Gehrig got two hits in three trips to the plate. Goslin got three hits in five tries, while Hornsby got one out of three. The "Babe" got two hits in four attempts. Waner got one out of four. Jim Bottomley got one hit.

LEO DIEGEL

## Competitor In British Open Scores a "Dodo"

Gullane, Scotland, May 7.—R. D. Mathieson, young Oxford University golfer, playing in the British open championship, to-day scored a hole-in-one at the short fourth on the Muirfield course.

Mathieson had a 10 on one hole yesterday, but made amends for it with his unusual shot to-day. It was the first hole in one scored in British open championship play since Abe Mitchell scored one at Deal in 1920.

The number four is 170 yards long. Mathieson's shot hit four feet in front of the pin and trickled in.

## LADIES' LOOP IS ORGANIZED

Six Teams Expected to Compete in Softball League; Entries Close May 14

The Ladies' Soft Ball League was formed at the Y.M.C.A. last night. Four of last year's teams, Astoria, New Method Laundry, Rainbows and Harmonys, have already placed their entries in the new league and two new teams are expected to enter.

Bob Whyte was elected president and Jean Milliken secretary.

It was decided to leave entries open until Tuesday, May 14, when the next meeting will be called, a schedule drawn up and playing dates arranged. Any team wishing to play must have their application before the president or secretary before that date.

## PURSEY WINS STATE TITLE

Defeats Mortie Dutra in Final For Washington Pro Golf Championship

Seattle, May 7.—Walter Pursey of Seattle won the Washington State professional golf championship here yesterday, when he easily defeated Mortie Dutra of Tacoma, 6 and 5, in a thirty-six-hole match on the rain-soaked Glendale golf course.

Stymies started the Tacoma star on his downfall during the morning round. Three times his opponent's ball lay between his own pellet and the hole. The champion led three up at the half-way mark and then copped four more holes played in the afternoon. Dutra took one and the other eight were halved.

For the thirty-one holes Pursey had a score of 114 and Dutra 120.

SPANISH DAGGER  
FOUND AT SOOKE.  
STIRS HISTORIANS

Sooke, May 7.—A mysterious old Spanish dagger, probably left by some of the men of Menzies Quimper, a Spanish explorer, who entered Sooke Harbor in June, 1790, and named it Puerto de Revillagigedo, has been uncovered on the sand bar at Whiffin Spit, and is causing considerable excitement and speculation here on the part of historians and other learned authorities of this district.

A. Kobout, sage of the Sooke district, is carrying on research into the historic dagger and will make a statement on the finding later in the year. As the Whiffin Spit is the fore shore running out from Mr. Kobout's property, conferences are being held at Mr. Kobout's Summer Resort, with a number of historical authorities in the district, who are anxious to reconstruct the whole history of the dagger.

It is thought that many other valuable Spanish relics will be uncovered in the district by excavations which some of the archaeologists of the district are planning.

SALO IS STILL  
SETTING PACE

Second Place Runner in  
Pyle's Marathon Led Pack  
Into Holdenville Yesterday

Holdenville, Okla., May 7.—Johnny Salo, the rising star of the track, cut fifty-two minutes from the lead of Peter Gavuzzi, of England, yesterday, in C. C. Pyle's Bunton Derby, when he paced the field into Holdenville, covering the sixty miles from Okmulgee, Okla., in 8:06.40.

Salo reduced Gavuzzi's margin to one hour, fifty-five minutes and thirty seconds.

Gavuzzi was third into the control point here yesterday and Gusko Emeke, of Italy, third in elapsed time, trotted in second in 8:38.10. Paul Simpson, of Burlington, N.C., was fourth; Sam Richman, of New York, fifth; and Philip Granville, of Hamilton, Ont., was sixth.

Umeke and Gavuzzi gave Salo a battle for the lead for the first half of the distance, but in the final stage Salo started ahead, leading by four miles at the finish.

The eight leaders in elapsed time follow:

Pete Gavuzzi, England, 243:52.45.  
John Salo, Pader, N.J., 345:48.12.  
Gusko Emeke, Italy, 257:55.51.  
Paul Simpson, Burlington, N.C., 269:18.28.  
Sam Richman, New York, 273:07.45.  
Philip Granville, Hamilton, Ont., 277:44.20.  
M. B. McNamara, Australia, 298:55.32.  
Harry Abramowitz, New York, 310:24.32.

STUDENTS PLAN  
FINE PROGRAMME

Annual Gymnasium Display  
of High School Pupils to Be  
Big Event

Victoria High School's annual gymnasium display, which is to take place on May 18, is to be one of the largest events of this type ever undertaken by the school. Mona Miller and W. Koper, the physical instructors of the school, have been spending a great deal of time preparing the girls and boys for the event.

The committee in charge of this year's programme met yesterday to draw up the list of entertainment, and decided on the following programme:

Flag drill—Girls of divisions 8, 20, 21 and 22.  
Pianist, B. Crowther.

Apparatus work—Boys Scandianavian dances—Girls of divisions 9, 25, 27, 35, 36, and 40.  
(a) "Girls Pleasure"  
(b) "Norwegian Mounting March"

Pianist, G. Harkinson.  
Indian club swinging—Girls of divisions 1, 2, 3, 5 and 6.  
Apparatus work—Boys English folk dancing—Girls of divisions 11, 25, 34 and 37.

(a) "Black Rag"  
(b) "Gathering Peacocks"  
Pianist, G. Harkinson.  
Physical training—Boys Morris sword dance—Girls of divisions 1, 2, 6 and 12.

Pianist, Thelma Birnie.  
Dumbbell drill—Girls of divisions 13, 14, 17, 18, 19 and 24.  
Apparatus work—Boys Special dance—Girls of divisions 1, 2, 3, 5, 6, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40.

Mr. Gilliland, V. Johns, M. Jeeves, A. Grant and E. Workey.  
Pianist, G. Harkinson.  
Apparatus and pyramids—Girls Tickets for the performance may be obtained from any High School student.

American League  
Not to Name Most  
"Valuable Player"

Cleveland, Ohio, May 7.—Magnates of the various clubs of the American Baseball League in session here, voted to discontinue the custom of naming annually a "most valuable player," in the league.

The league president, E. S. Barnard, presided at the session and heard the magnates decide that attempting to choose a most valuable player was demoralizing sometimes, and apt to be unfair.

## THEY'LL TRY TENNIS RACKET ABROAD

Edith Cross, right, third ranking woman player in the United States, and Marjorie Morrow are pictured here as they sailed from New York to join "Little Poker Face," Helen Wills, on European tour. Miss Cross will be Helen's doubles partner in tournament play. A match at The Hague on May 11 will open their foreign invasion.

Exceptional Record is Made of  
Steelhead's Fight for Liberty

Some amateur fishermen there may be who express doubts about the possibilities of catching steelhead trout—one of the gamiest of game fish—in the waters of Vancouver Island. But the aspersions of the "most doubting Thomases" would be set aside after a short glance at a one-reel movie in the hands of the Victoria and Island Publicity Bureau.

From the first cast of the whipping line to the last struggle of the stout-hearted fighter, the operations of securing this elusive fish are recorded. Twists and turns, plunges and jumps, and finally the flash of the net are pictured faithfully in this exceptional film.

STAMP RIVER  
General Noel Money of Qualicum Beach, is the central figure, and incidentally the hero of this fishing epic. After a drive from the picturesque Qualicum Beach Hotel, through the giant timbers of the Cameron Lake area, the film takes one to the beautiful Stamp River, the Sproat Lake outlet.

Clad in waist-high waterproofs, General Money wades to the centre of the stream to start his quest. In the picture he adroitly demonstrates the fine art of casting a salmon line, the free and easy swings of the sweeping thread suddenly terminating with the flick as the fly touches the surface.

THE FIGHT  
Then comes the strike. The rod bends. The line tightens. And a thrilling contest ensues. To the right, to the left, forward and backward, the captured fish darts. Up, out of the water and down, to the bottom, he swims.

But gradually the fisherman hauls in the quivering line. At last, in a final gesture, the game river denizen thrusts himself up as the line pulls. And the gall goose, there's no fake about that," said Publicity Commissioner George I. Warren after a private showing of the film in his office this morning. Mr. Warren directed a party of camera men from the Federal Branch of Parks Publicity who recorded the epic. The film will probably be shown at a local theatre soon.

clation here that he will be unable to accept a place on the team.

Colonel R. J. Birdwhistell, president of the association, announced today that Sergeant C. W. Poam, of the Royal Highlanders, Montreal, has been appointed to fill the vacancy.

J. McPherson Is  
Elected Head Of  
"Y" Softballers

J. McPherson was elected manager of the Y.M.C.A. softball team at a meeting in the Y.M.C.A. last night. Peterson was named coach and A. Acres, captain. Great enthusiasm over the coming season was shown by the team members who attended the gathering and the nine should certainly make a good showing this year if the interest manifested last night is maintained.

SCHOOL SPORTS  
BEING ARRANGED

Esquimalt Will Try to Incorporate Meet in May 24 Celebration Programme

A move to have their school sports on the morning of May 24 included in the general celebration programme will be made by the liaison committee of the Esquimalt council and school board, according to a motion made at their meeting in the Municipal Hall last night.

In view of the wide popularity enjoyed by the municipality's school sports last year, the committee last night thought it would be of interest to people outside their district.

An appropriation not to exceed fifty dollars on the part of the School Board and an approximately similar grant by the Council will be spent in prizes and other expenses connected with the festivity.

Various committees to look after ground advertising, reception of guests, band and other details were appointed. Hon. R. H. Pooley and Mrs. Pooley, the mayor of Victoria, reeves of Oak Bay, and Saanich, along with their wives, and many other guests, will be invited to attend the event.

The programme for the meet will be similar to that of last year. However, this time folk dancing will be incorporated into the event and high jumping will be eliminated.

The sports will commence at 9 a.m. this year.

is all over in a tiny fraction of a second but if the eye is quick enough, it can detect as the ball is being hit, all the signs of physical effort which appear in the face of a runner at the finish of a race.

There is no such thing as hitting too hard where there is no limit to the desired range. There is no magic in timing which will propel a ball without the application of brute force. Timing is simply economy—the elimination of waste. When we speak of a well-timed blow we mean one in which every ounce of its power is concentrated and expended upon the objective, with no leakage to other points. Thus a golf stroke is well-timed when it moves freely upon the ball and expends upon it its entire energy. Timing is lost when a part of the energy is used to overcome stubborn muscles opposing the stroke, or when the blow is delivered before the club-head reaches the ball.

AVERAGE PRO HITS HARD  
Pressing is, in the ultimate analysis, a mental condition. A first-class professional hits every drive about as fiercely as he can. He is after distance and to get it he has to hit hard. But because he is hitting hard it does not necessarily mean that he is pressing. The latter condition is the result of over-trying, of being intent upon giving a little more than is actually possessed. Certain indications of a pressing shot are a hurried jerky backswing and a quick start from the tee which allows no opportunity to get set and the results of the excessive energy expended in hitting the ball. That comes later. The real cause is the state of the player's mind as he steps up to the ball. He is pressing from the moment he takes his stance and makes up his mind to sock it.

I am a firm believer in hard free hitting. I believe that the average player will get himself into far less trouble in this way than by attempting to restrain himself. But he must take care that he does not begin to hit while in the act of making his backswing. A smooth leisurely backswing is essential, but when once in position to strike, all restraining bonds should be shaken loose. Then is the time to let go.

LAUGHS  
from the  
DIAMOND

BY BILLY EVANS

Jim Bottomley, crack first sacker of the St. Louis Cardinals, didn't do much at bat in the 1928 series with the Yankees, yet I regard Bottomley as one of the game's greatest hitters.

Prior to the opening of the 1928 series I had a short chat with Bottomley. I made the remark that I hoped the Yankee pitchers didn't throw him too many fast balls. Bottomley, a left-handed hitter, likes speed and he is far from a sucker on a curve.

"If what the experts among the scribes say is correct, I won't have to fuss much about curves," said Jim. In baseball the National League is known as a curve ball league and American as a fast ball league. In other words, the pitchers in the former organization figure the curve ball as the best bet; in the American, blind-

ing speed. It is a known fact that a curve ball pitched low and at the knee is a tough ball for any batter to hit, no matter how great his reputation.

A low curve at the knee, pitched well inside, is toughest for a left-handed batter. Pitching to Bottomley, the Yankee pitchers seemed to have perfect control and always it was a low curve inside that did the trick. Few strikes were called on Jim in the series. He swung at most of them and missed.

In one game Hoyt fanned him twice. In another Piggas whiffed him three times. In all, I believe Bottomley fanned during the entire series more than two or three fast balls were pitched to the Cardinal slugger. After the series someone asked Jim what he thought of the Yankee pitchers.

"Don't believe I am competent to express an opinion from what I did against them," replied Bottomley in a quiet, modest way. "But I just want to say if those balls at which I swung at and missed, as pitched by Hoyt and Piggas, are a sample of American League curves, then I'm glad I'm in the National League. And they call it a fast ball league! Somebody lied to me."

Excursion to Seattle on Saturday, May 11, St. Princess Kathleen.

Government Finds Victoria and Vancouver Bucks "Excellent Type"

British Columbia goats, exported to New South Wales for service in the state experimental stud, have earned high praise for excellence of type and breeding.

George Palmer, secretary of the British Columbia Goat Breeders' Association, has received from the Department of Agriculture of New South Wales the following letter of appreciation of two British Columbia-bred bucks of the Saanen breed, selected and shipped by the association:

"With reference to prior correspondence regarding the importation of two Saanen bucks from Canada, I have much pleasure in reporting the safe arrival of the two animals. On arrival in this State they were subjected to quarantine period of thirty days, which has just expired and the animals have been forwarded to the departmental stud at Nyngan.

"The excellent type of breeding of these bucks has already been the subject of very favorable comment, and I feel sure they will prove a great acquisition to the department's stud."

Please accept the department's appreciation of your earlier services in connection with the purchase of these animals."

WITH THE BOY SCOUTS

EARLY HISTORY OF SCOUTING AND ITS AIMS

The whole object of the scout movement, with its great ideals of brotherhood and service, is the development of good citizenship. It is the reverse of military, since very little drill is included and the basic idea is development of initiative. A scoutmaster is supposed to do his best to develop individuality and initiative among his boys. Baden-Powell saw that the school system gave no training in character development, made no mention of service for others or service for the state, and gave no training in handicrafts. His object, therefore, was the development of an observant, resourceful, hardy, loving, physically strong, morally straight and mentally awake people.

It was in 1909 that a few scattered troops were organized in Canada, but the movement soon grew, and up till 1914 was under the direct supervision of imperial headquarters in London. In this year an Act of Parliament was passed in the Dominion House incorporating the Canadian General Council of the Boy Scouts' Association to promote and carry out in Canada the objects of the Boy Scouts' Association.

AIMS OF ASSOCIATION  
The aim of the Boy Scouts' Association is to develop good character in boys by preparing them for good citizenship—training them in habits of observation, obedience and self-reliance, inculcating loyalty and helpfulness to others—teaching them services useful to the public and handicrafts useful to themselves and promoting their moral and physical development by true comradeship and by healthy open-air pursuits and games. The motto of the association is "Be Prepared," which means that a scout is to be always in a state of readiness in mind and body to do his duty and meet any emergency.

Langford

The Women's Institute Hall on Dunford Road was gay with daffodils, tulips and spring flowers on Saturday afternoon, the occasion being their second Spring Flower Show. Rev. H. B. Allen and H. Whitehead of Victoria judged the flowers and Mrs. H. B. Allen the needlework.

Mrs. J. L. Brown, president of the Institute, thanked the judges. Little Patricia Cooney presented Mrs. Allen with a bouquet of tulips and Miss Iris Allen received a basket of pansies from Molly Dixon.

A beautiful exhibit of tulips from the garden of Charles Whitney-Griffiths, Metcalfe, caused much comment.

Prizes in the junior section were: Collection of wild flowers (4-8 years), 1, Claude Hincks; 2, Molly Dixon. Display wild flowers, three each variety, named—1, Stella Hincks; 2, Allen Hincks.

Miniature garden, two feet square—1, Tom Dixon; 2, Georgina Cooney. Specimen of sandcraft—Stanley Jackson.

Specimen of needlework done within the last eighteen months—1, Stella Hincks; 2, Elizabeth Welch. Awards in the senior classes were: Display of tulips, grown from bulbs provided by the Institute—1, Mrs. H. A. Hincks; 2, Mrs. George Altman. Display of hardy spring flowers—1, Mrs. David Ramsay; 2, Mrs. George Eldridge.

Display of daffodils—1, Mrs. D. B. F. Bullen; 2, Mrs. H. A. Hincks. Three double daffodils—1, Mrs. D. Ramsay; 2, Mrs. H. A. Hincks. Display early tulips—1, Mrs. A. Cowie; 2, Mrs. A. Moir.

Three Darwin tulips—1, C. Witte-Griffiths. Arranged basket of flowers—1, Mrs. H. Simpson; 2, Mrs. E. Phipps. Display of flowering shrubs—1, Mrs. A. Cowie; 2, Mrs. G. Cooney. Vase of narcissi—1, Mrs. H. Phipps; 2, Mrs. P. N. Welch.

Mrs. P. Cooney, Mrs. G. Cooney and Mrs. W. T. Dixon, served afternoon tea. Mrs. L. G. Wilkinson the ice cream and Mrs. A. B. Cuthbertson was entry secretary. Through the kindness of the directors all the children were treated with cakes and ice cream.

Miss Ruth Pearce of Dunford Road spent the week-end visiting friends on James Island.

Mr. and Mrs. A. E. Humphries of

## Are you fit?

Youth today! Bubbling over with the joy of living! Finding happiness in outdoor sports! Keeping physically fit in order to get the best out of life! And you! How do you feel? Even though your youth lies in yesterday, is no reason why you should not enjoy health. Not through strenuous exercise; but by means of wisdom in diet and living and the help of ABBEY'S. For ABBEY'S, too, is bubbling health. Its sparkling effervescence is a gentle tonic and corrective for the whole system. It regulates the bowels and prevents bilious attacks. It neutralizes uric acid and acidity of the stomach. It prevents indigestion, backache and headaches. And it is a most efficient aid in purifying the blood and keeping the whole system in a normal, healthy condition. A glass of ABBEY'S in the morning is a pleasant means of acquiring bubbling health.

Take ...

**ABBIE'S**  
The Morning Health Salt

For half a century, Abbey's has done its full share in protecting and maintaining the public health. It has brought the comfort and enjoyment of good health to people all over the world and is generally regarded as the highest type of efficient effervescent saline.

Victoria has purchased Lke-View on

The first of the series of card parties under the auspices of the ways and means committee, Prince Edward Branch No. 91, will be held in their club house on the Island Highway on Tuesday, May 7, at 8:30 p.m. Progressive five hundred will be played. Small prizes will be given each evening for the highest scores and better ones will be given to the players who obtain the highest aggregate scores for the month.

Comrade Cecil Cherry will leave for Chilliwack on Tuesday to attend the Provincial Canadian Legion Convention as delegate of Prince Edward Branch.

On Thursday evening Comrades R. A. Pennington, C. Cherry and J. Stephen, members of Prince Edward Branch No. 91, Canadian Legion, visited St. Aidan's School and presented the Legion Shield to St. Aidan's football team.

Competing teams were Colwood, St. Aidan's and Langford. Comrade R. A. Pennington made a short speech and presented the handsome mahogany and silver shield, which had been designed by Comrade G. Cooney.

## Strawberry Vale

A delightful programme was rendered to a large audience in the Strawberry Vale Hall on Friday evening, when the Excelsior Bible Class of the Fairfield United Church gave their popular three-act play, "Mrs. Temple's Telegram," under the auspices of the Strawberry Vale Woman's Institute.

The McKenzie Avenue School choir, winners of the Chamber of Commerce Cup for public rural elementary schools at the recent festival, opened the programme with the singing of "O Canada" and between acts delighted the audience with the compositions sung at the festival. The following took part in the play: Rose Halse, Margaret Taylor, Thomas Shroder, Grace Keefe, Messrs. George Dyson, W. Mendum, Don Fish, Harold Green, Gerald Murphy, with Mrs. (Rev.) Hugh Nixon as director.

Mrs. Huntington, Wellington Avenue, returned on Saturday from a holiday in Seattle.

Mrs. A. E. Cummins and Miss Dorothy Cummins of Vancouver were the guests of Mr. and Mrs. E. Jones, Glen Road, for the week-end.

Effective May 12, the afternoon boat to Vancouver will leave Victoria daily at 1:45.

## Terrible Eczema Goes Quickly

Strong, Powerful Yet Safe, Surgeon's Prescription Called **Moone's Emerald Oil** Has Astonished Physicians

There is one simple and inexpensive way to reduce the danger of swollen veins and bunions, and get them down to normal, and that is to apply Moone's Emerald Oil night and morning, using the Moone's Bandage to support them during the day. People who have painful, enlarged veins should not neglect them for they sometime burst and cause much misery and expense.

Moone's Emerald Oil besides being so marvelously antiseptic that it destroys germs and poisons caused by germ is such a remarkable healing agent that eczema, barber's itch, salt rheum and other inflammatory skin eruptions go in a few days.

For years it has been used for boils, ulcers, abscesses and open sores that discharge and with the most perfect success. MacFarlane Drug Co. will be glad to supply you.

Moone's Emerald Oil (Adv.)

## Births, Marriages, Deaths

## BORN

RUSSELL—To Mr. and Mrs. George Russell, 1251 Blenheim Road, a son, May 6, at Jubilee Hospital.

WILSON—To Mr. and Mrs. A. Wilson (nee Sullivan), West Sooke, a son, May 7, at Jubilee Hospital.

## DIED

BREWER—On May 5, at the Royal Jubilee Hospital, Charles Brewer, aged 23 years and 10 months, born in England and a resident of Victoria for the past four years. Deceased was formerly a member of the Royal Canadian Navy and a member of the ill-fated S.S. Alouette crew. The late Mr. Brewer is survived by his mother, Mrs. Fred Brewer, of 524 Constance Avenue; his brother, Harry Brewer, of 450 Pine Street; and sister, Mrs. Taylor, of Dominion Road; also a half-brother and half-sister, Fred and Kathleen Brewer, at home.

The funeral will be held on Wednesday, May 8, at 2 o'clock, from the Sunda Funeral Chapel, and interment will be made in Royal Oak Burial Park.

MASON—Passed away early Monday morning, at the family residence, 2078 Goldsmith Street, Charles David Mason, aged eighty-three, a native of London, England, and a resident of Victoria for the past forty-seven years, for many years a member of the law firm of Mason & Mann. The late Mr. Mason leaves to mourn his loss one brother, George H. Mason, of Victoria, a nephew, F. Scott Mason, and a niece, Emily M. Mason, both of Victoria, and a son in England.

The funeral cortege will leave the Thompson Funeral Home on Wednesday at 2:45, proceeding to St. Mary's Church, Oak Bay, where the service will be held by the Rev. A. E. L. Nunn at 3 p.m. Interment will be made in Ross Bay Cemetery, in the family plot. The late Mr. Mason was a member of Victoria Columbia Lodge No. 1, A.F. & A.M., under whose auspices the funeral will be held.

(Subdivision)

An exceedingly attractive and unique residential subdivision charmingly situated and comprising some 200 acres with water-frontage of 4,000 feet.

It is within the 4 1/2-mile circle of the centre of the city and can be reached by motor in about fifteen to twenty minutes.

The water-frontage is divided into parcels varying in area from 2 1/2 to 4 1/2 acres. There are only nineteen of these.

Water, electric light and heating, and telephone in process of installation.

**NEWS IN BRIEF**

Ward One Liberals will hold their regular meeting on Wednesday evening at 8 o'clock in the Liberal headquarters rooms, Broughton and Government Streets.

Reporting on the cold storage plant last night, City Engineer F. M. Freeman disclosed authorized expenditures to date of \$244,100, with the installation of machinery and elevators nearing completion.

Dean Quinlan will address a public meeting to-night at 8 o'clock in the Metropolitan Church. His subject will be "Modern Men's Approach to the Bible." The meeting is under the auspices of the Metropolitan Brotherhood.

L. Pusey and A. Gibson, two city employees, will be superannuated from the civic service at their own request. The City Council agreed last night, R. M. Lorimer was promoted foreman trimmer in the electric light department, and Daniel Mills to be a trimmer on the permanent staff.

Tenders for the printing of the City Zoning By-law at \$4.50 and \$4.60 a page were tabled by the City Council last night, with a reference to the finance committee to ascertain what was the reason of the higher cost involved. The committee was given power to act.

The men of the 12th Siege (Heavy) Field Battery will hold a meeting in the men's mess at 8 o'clock Thursday. Plans for the next few months will be discussed. The battery will leave for Sarsfield camp, Calgary, about July. Recruits may be enlisted now at battery headquarters, Bay Street Armories.

Three city lots on East Moss, West Bank, and the northwest corner of Glasgow and Finlayson Streets, were ordered sold by the City Council last night for a total of \$1190.

A number of dilapidated buildings, including the old St. George's Hotel, Esquimalt Road, were ordered demolished.

The city will oppose any move to place a portion of the cost of the Pacific Reserve rail switch facility on the corporation. The City Council decided last night. Representation will be made to the Railway Board to show that the facility will be of definite benefit to the parties concerned, and should not become an additional burden on the city.

N. A. Moore of the Gilt Edge Fox Company to-day received a telegram from Mr. R. Hoff, of Oregon, stating he will be here to-morrow to look over silver fox raising prospects with object in view of establishing an up-to-date fur farm. He has had considerable experience in fox farming since when he was here last Fall because interested in Canadian National registered foxes.

The regular meeting of the City School Board will be held at the City Hall at 8 p.m. to-morrow. City trustees have already ratified plans under which a fine programme of entertainment will be given by students in connection with the Maytime holiday period. School sports, folkdancing and choir singing are included in an ambitious list of events of May 23.

Amendments to the streets traffic regulations by, way of parking alterations, safety zones, and driving control were passed on by the City Council last night, as recommended by the police commission, and referred to the city solicitor for final drafting. "U" turns and left-hand turns at street intersections under traffic control came under fire, but in the main the council will follow the recommendations of the police commissioners.

**H.M.S. COLOMBO DUE NEXT WEEK**

Will Remain Here Two Weeks This Month and Will Return in July

The schedule for the visit to British Columbia of His Majesty's cruiser Colombo from her station at Bermuda was given out this morning at the Esquimalt Naval Barracks. The Colombo will be in local waters from the middle of this month until August 1. She will arrive here next Tuesday, May 14, and will remain at Esquimalt until May 25. She will then shift to Prince Rupert and remain there until June 4. Nansam is next on the itinerary. The ship will be there until June 10, when she will shift to Lady Smith and Cowichan. On June 18 she will visit Vancouver, remaining there until June 29. She will then call at Mele Bay, returning to Vancouver on July 2 for a four-day visit. After a call at Comox she will return to Esquimalt, remaining there from July 30 to August 7 before returning to her station in the West Indies.

H.M.C.S. Vancouver, of the Esquimalt station, is still cruising in northern Vancouver Island waters. She will return to her base here next Tuesday, the same day as the Colombo is scheduled to arrive.

**MUST SERVE TWENTY DAYS**

**William Stewart Convicted on Charge of Driving Car While Intoxicated**

Convicted on a charge of driving an automobile while intoxicated, William Stewart was sentenced in City Police Court this morning to twenty days imprisonment.

Stewart pleaded not guilty. He was not represented by counsel.

Constable Stevenson testified he had seen a car driven by the accused traveling between fifty and fifty-five miles an hour southward on Government Street about 12:30 a.m. to-day. Constable Hutchinson, who responded to a call to 16 Boyd Street, said he had apprehended the accused there. The accused at that time was drunk, he said.

Other witnesses stated Stewart had previously come to a house on Harriet Road and had been in the car. He was intoxicated at that time, they said.

No defence evidence was entered by the accused, but from the dock he claimed he was not intoxicated while driving the car.

**Local Magicians Organize Ring**

At a meeting Monday night at the residence of F. Merrifield, the members of the International Brotherhood of Magicians went into session and formed Ring No. 10 which was allotted to Victoria by the I.B.M. The following "Magi" were elected to represent Victoria: Pres. F. Merrifield, "the Cornish Wizard," vice-president, A. Smith; secretary, W. Harkness. After a pleasant evening spent in confidential exchanges the meeting was brought to a close.

Effective May 21, the afternoon boat to Vancouver will leave Victoria daily at 1:45.

**NEW! BETTER! CHEAPER!**

The identity—or what is claimed to be mistaken identity—of two Hindus resulted in a narrow escape from deportation Saturday for one of them known as Sardara Singh. R. Harvey, his counsel, revealed this morning.

It appears that a Hindu by the name of Gurnar Singh, who was ordered deported some time ago, appealed his case to Ottawa. He was allowed out on bail. Following the dismissal of the appeal, Gurnar could not be found.

Finally, however, immigration officials apprehended a Hindu at Mayo, B.C., whom they said was the man they wanted. But this Hindu asserted his name was Sardara Singh and that he had been in Canada since 1925. He was ordered deported on the steamer President Grant, which sailed Saturday afternoon for the Orient.

In the meantime, however, he got in touch with counsel, Mr. Harvey, who obtained a writ from Mr. Justice Gregory, ordering immigration officials to show cause why a writ of habeas corpus had not been obtained for the detention of the man in the first place. With the sailing time of the steamer only a few hours away, Mr. Harvey was forced to go to the wharf to serve the writ and was successful in holding up the deportation at the last minute.

But Sardara Singh is still in the custody of the immigration.

## Mystery Ship Hero First Tasted Perils of Sea As Midshipman At Esquimalt

Wearing the insignia of the highest honors of Britain and France, and holding the rank of read-admiral in His Majesty's navy, Admiral Campbell, V.C., D.S.O., the Esquimalt-trained midshipman will return to the scenes of his youth when he arrives here to-morrow morning to fill a lecture engagement at the Royal Victoria Theatre, writes H. W. Hart, who is in charge of the lecture arrangements.

During his meteoric career Admiral Campbell has served in every part of the British Empire. His outstanding abilities impressed themselves upon the Admiralty and led to his selection to command one of the first of the mystery ships that were fitted out to offset the submarine menace which had reached alarming proportions.

WITH PACIFIC SQUADRON

Educated at Dulwich College, he entered Osborne as a naval cadet, January 15, 1902. As midshipman he served with the Pacific Squadron 1903-4, was wrecked on Denman Island in H.M.S. Flora, and spent several months at Esquimalt.

From there he went to the Mediterranean fleet, serving on H.M.S. Irresistible, 1905, and was promoted to sub-lieutenant. 1906-7 found him on H.M.S. Arun, a destroyer of the home fleet. He was promoted to lieutenant in 1907.

He served with the China Squadron on the flagship H.M.S. King Alfred, from 1907 to 1910. After a period as lieutenant on the U.S.A. training ship H.M.S. Impregnable, he was transferred to the destroyer Ranger as lieutenant in command, 1912.

ESCORTED CANADIAN CONTINGENT

In 1913 he commanded the destroyer Bittern and helped to escort the first Canadian contingent.

He was appointed to Q-ship Loderer, September 1915, Q-ship Pargust, April 1917 and Q-ship Dunraven, June 1917. During his Q-ship service he sunk three torpedoes and was torpedoed three times. He was promoted rapidly from lieutenant to captain. The Victoria Cross and Distinguished Service Order were awarded to him for his gallantry upon him by the King, and the French government bestowed the Croix de Guerre and appointed him an officer of the Legion of Honor.

In 1917 he was appointed flag captain to the commander-in-chief in Ireland and given command of the light cruiser H.M.S. Active. In April 1918 he was appointed to command H.M.S. Pakenham.

He took command of H.M.S. Cumberland, a cadet training ship and cruised in West Indies waters, 1918. In 1920 he commanded H.M.S. Impregnable, training ship for 1,600 boys.

As captain in charge of Simonstown, 1923, he received the thanks of the Admiralty for effecting speedy repair of

H.M.S. Dragon during the world cruise of the special service squadron.

From 1925 to 1927 he commanded the battle cruiser H.M.S. Tiger, during which period Commander Murray, R.N., naval officer at Esquimalt, served under him. He was promoted to rear-admiral, April 1928 and retired from the service.

WRECKED ON DENMAN ISLAND

Admiral Campbell's first experience of the perils of a sailor's life was obtained this coast, when H.M.S. Flora was wrecked on Village Reef, Denman Island.

The local press of 1903 carried pages of news of the disaster which created a great stir in the city.

While proceeding from Union Bay to Esquimalt in a dense fog, the navigation lieutenant mistook a spar buoy for a pile beacon on the other side of the channel. The vessel crashed on the rocks, the bows slid up the shelving reef and held fast, leaving her stranded at an acute angle, with stern submerged. The sea poured in through open scuppers filling that to the ship immediately and nearly trapping the sleeping officers who were berthed after. Mr. Salisbury, the chaplain, was rescued only just in time.

Officers and crew took refuge on Denman Island where tents were erected, and the officers who escaped in night attire upheld the dignity of the service under trying circumstances until relief came with Rear-Admiral Bickford, C.M.G., who hastened to the spot in H.M.S. Grafton.

Divers went down and closed the scuppers and with the help of centrifugal pumps obtained from Mr. Bullen of the British Columbia Salvage Company, the vessel was floated and pulled clear by H.M.S. Grafton after seven strenuous days. H.M.S. Egria took part in the work.

IN A DENSE FOG

Dense fog impeded the work. The Grafton, being unable to see the Flora, when signals were sent to it. When the vessel was pulled clear the band played "A Life on the Ocean Wave" and "Rule Britannia." The crews cheering lustily.

Midshipman Gordon Campbell who was on duty at the time of the disaster testified at the court martial held in the wardroom of H.M.S. Grafton, December 17, that the navigation lieutenant asked him what an object just ahead was, and immediately shouted "hard astern" and signalled "full steam astern."

A verdict of guilty was given, the judge advocate delivering the finding as follows:

"The court after hearing the evidence, has found that the charges are true and have been proven against Captain Casar J. Baker and Lieutenant Harold F. Grant. Both are severely reprimanded and cautioned to be more careful in future."

Admiral Campbell writes that he had the time of his life while at Esquimalt, and speaks in glowing terms of the hospitality which was given to officers and men by citizens of Victoria.

**OBITUARY**

The funeral of the late Mrs. Sarah Patterson of 564 Hillside Avenue, will be held from the B.C. Funeral Home on Wednesday afternoon at 2 o'clock. Rev. J. S. Patterson will officiate. Interment will be made in Royal Oak Burial Park.

The funeral of the late Charles George Brewer, former member of the St. Alouay crew, will be held on Wednesday at 2 o'clock from the St. Alouay Funeral Chapel and interment will be made in Royal Oak Burial Park.

The funeral of the late Herbert Trull, who passed away in this city on May 3, was held on Monday afternoon from McCall Brothers' Funeral Home, Rev. John Robson officiating. Among the many friends attending the service were H. P. Thorpe, secretary of the P.C. Patria branch of the Canadian Legion, and Mrs. Chambers from the same association. Interment was made with full military honors at Royal Oak Burial Park with the following friends as pallbearers: R. Kater, D. J. Jackman, J. Higgs and J. Shelly.

The funeral of the late Arthur James Conliffe was held on Monday afternoon from McCall Brothers' Funeral Home, Rev. W. G. Wilson, D.D., officiating. Many friends attended the service and many beautiful flowers covered the casket, the floral bearers being members of the Patria Club. The hymns sung were "Forever With the Lord" and "Peace, Perfect Peace." Also "Some Sweet Day, Bye and Bye" was sung as a solo by Mrs. Shaw. Interment was made in Royal Oak Burial Park. The following were pallbearers: J. Whitwell, O. Griffin, W. Grant, D. Halliday, P. Neilson and G. F. Lowe.

**OBITUARY**

The funeral of the late Charles DuBois Mason of 2078 Goldsmith Street will be held from the Thomson Funeral Home on Wednesday at 2:45 o'clock, proceeding to St. Mary's Church, Oak Bay, where service will be conducted by Rev. A. E. de L. Nunns at 7. Interment will be made in Ross Bay Cemetery, in the family plot. Mr. Mason was a member of the Victoria Columbia No. 1 Lodge of the A.F. & M., under whose auspices the funeral will be held.

**Judgment Held On Charge Over Auto Collision**

On a charge arising out of an automobile accident at the intersection of Humboldt and Blanshard Streets on April 18, J. C. Kellow was arraigned before Magistrate George Jay in City Police Court to-day for driving to the common danger.

R. Harvey, who appeared for the defence, pleaded not guilty.

The car driven by Mr. Kellow was in collision with a vehicle driven by Thomas Wood, the evidence showed. Mr. Wood and Walter Mobery were witnesses for the prosecution, stating that Mr. Kellow's car had been travelling at a fair rate of speed as it had struck the Wood car and bounced off into a telephone pole.

Mr. Kellow, Corporal T. White, R.C.E., and Constable Bishop were defence witnesses.

Magistrate Jay reserved judgment until Thursday.

**Benny Bass Wins Bout From Mack**

New York, May 7.—Benny Bass, Philadelphia featherweight contender, pounded out an easy decision victory over Pety Mack of Jersey City in a ten-round match here last night. Bass weighed 128 and Mack 129 1/2.

**O'DOWD IS WINNER**

Wheeling, W.Va., May 7.—Eddie O'Dowd, Columbus, Ohio, bantam, defeated Ward Mayberry of Pittsburgh, in a ten-round bout here last night. O'Dowd was given five rounds, Mayberry one and four were declared even.

**SCOUT DRIVE FOR BUILDING FUND MOVING**

Householders To-day Circularized in Direct Appeal to Aid Organization

Finance Committee Hopes to Easily Obtain Objective of \$7,500

Over 1,100 householders in the city to-day received a direct appeal to aid the Victoria District Boy Scouts' Association in its drive for funds towards the erection of a new district headquarters and for maintenance work.

The finance committee of the association has set as its objective in this campaign the sum of \$7,500. This sum, it is hoped, will cover the cost of the construction of a headquarters building on Johnson Street on a lot granted by the city on a long-term lease, in addition to a new troop building for St. Mary's Oak Bay Troop and field work on the island.

H. T. Ravenhill, the district commissioner of Boy Scouts, to-day made public a personal appeal to all who wish to aid this fine movement for the youth of the country. "Elsewhere in these columns is told something of the founding of the organization and the work which it is doing.

For those householders who to-day received circulars, the Kiwanis Club, which is supporting the drive, will provide transportation for this purpose.

The May meeting of the South Saanich Junior Institute Club will be held on Thursday evening, May 9, at the home of Misses Alice and Nellie Syman. Arrangement will be completed for a gingham dance in the Temperance Hall, May 31, in aid of the So-larum.

Mrs. J. W. Whitley Jr. and Miss Alma McKay are visiting in Seattle.

Mr. Barnes of Alberta is visiting his brother-in-law and sister, Mr. and Mrs. J. H. Sutton.

Mrs. Frank Young, Keating Cross Road, has been visiting her son-in-law and daughter, Mr. and Mrs. Bull of Bamerton.

The ladies' guild of St. Stephen's and St. Mary's Church will hold a dance in the Agricultural Hall on Friday evening, May 10. Ozard's orchestra will play.

**SCORES HIGH IN B.C. LADIES' GOLF**

Mrs. E. P. Gillespie Is Low With 94 in Early Scores of Qualifying Round

Mrs. E. P. Gillespie of the Victoria Golf Club, with 94, had turned in the low score in the early returns to-day in the eighteen-hole qualifying round of the British Columbia women's golf championship being played on the links of the Victoria Golf Club.

Mrs. Macfarlane and Mrs. J. H. Richardson were tied for second place with 97 each. On the average, scores were high, although the weather conditions were ideal and the course in perfect shape.

Miss Marion Wilson, present champion, Mrs. Vera Hutchings and Mrs. S. C. Sweeney, the latter two from Vancouver, who are the three favorites for the title, did not tee off until this afternoon.

Early scores follow:

Mrs. Gillespie 94.  
Mrs. Macfarlane 97.  
Mrs. Richardson 97.  
Miss M. Campbell 98.  
Miss H. Wilson 100.  
Mrs. Chene (Vancouver) 103.  
Miss Benson 104.  
Mrs. Broom (Vancouver) 104.  
Mrs. Lawson 106.  
Price 106.  
Mrs. Howell 107.  
Mrs. J. R. Reid (Vancouver) 108.  
Mrs. Crowe 108.  
Mrs. C. Wilson 108.  
Mrs. Seattle 109.  
Mrs. Tanner 112.  
Mrs. King 113.  
Mrs. Sample 114.  
Mrs. Barber-Starkey 114.  
Miss Joan Hutchinson 116.  
Mrs. Lee 118.  
Mrs. Nora Wilson 120.  
Mrs. C. Martin 121.

**WILLIAM C. DEAN, MONTREAL, DIES**

Montreal, May 7.—William C. Dean, assistant traffic manager of the Canadian Press, with headquarters in Montreal, and an outstanding member of the telegraphers' fraternity in Canada, died here last night.

Mr. Dean, who was born in 1873 at Garden Hill, Ont., had been a member of the Canadian Press staff practically since its inception, having worked at various times in Winnipeg, Toronto, New York and Montreal.

He married in Minneapolis, Minn., in 1897, Miss Grace Alkinson, who survives him. Dr. Robert Dean of Minneapolis is a son.

The late Mr. Dean was for some time a member of the staff of the Western Associated Press, both at Winnipeg and Minneapolis. He had been in the service nearly twenty years and in addition to gaining a reputation as one of the finest Canadian telegraphers in the service, developed considerable editorial talent.

# WHITNEY LETTER

By Branson, Brown & Co. Ltd.

New York, May 7.—Whitney of the main street financial bureau says today:

"The factor which became prominent in the money market just a week ago, withdrawal of funds by foreign institutions, continued to maintain and cause advance in the call money rate with the result that the ease which was expected to develop in the early part of this week has been temporarily postponed."

"With the market at a new high record, it was not unreasonable that the disappointment in the money market should be reflected in the check which was administered to the market advance in yesterday's session. The result thus far is reaction confined almost entirely to those issues which established new high records last week, or at least prices which represented the highest prices which the issues have recorded since the March break. To this extent, the reaction and the additional reaction which may develop in the next few days, must be looked upon as merely a positive reaction which involves nothing other than a temporary readjustment of some of the ground which was perhaps too rapidly gained."

"Just when all of the accommodations which is being sought will be provided for sufficiently to permit call rate to ease is impossible to estimate. Until it is, irregularity will undoubtedly prevail, meantime, the irregularity should be used for buying, particularly in the oil, rail and public utility groups."

**COMMENT**  
"An exceptionally fine quality of buying which was persistent throughout the day was witnessed in I. T. T. and in Marconi International Communication. Whether there is any significance to the same appearing as a large buyer in both issues is not known, but the quality and quantity of purchases suggests the advisability of purchasing both issues for substantial advances."

"In the oil group, S. O. of N. J. Pan American and S. O. of California established new tops and closed at approximately the same level. The latter is attributed to an increase in Canadian Pacific rates."

"The utility group, in addition to the two utilities mentioned above, Electric Power and Light, Cons. Gas, and American and Foreign were exceptionally well bought."

"Would use current irregularities to purchase the above mentioned issues as well as Texas Gulf Sulphur, Associated Dry Goods, Kennecott, Copper National Distillers, Marine preferred, Harvester and in the food group, California Packing, Postum and Corn Products."

"Do not become discouraged if France or Belgium is reported as refusing to accept the reparations settlement, which has been agreed upon between Germany and the United States. For home consumption, if nothing else, neither will accept without staging an oratorical demonstration."

## Mines Hard Hit By New Share Tax

Nelson, May 7.—At a special meeting of the executive committee of the mines of Eastern British Columbia it was decided to wire Hon. J. H. King, British Columbia's Cabinet Minister, asking him to advise Hon. J. A. Robb, Minister of Finance, that Kootenay mining activities was feeling the uncertainty existing regarding the tax on sales of low-priced shares, that inquiries for mining properties had dropped considerably and that at least one property taken under option by an American outfit had been dropped pending the final outcome of the legislation. When the minister introduced the budget the tax was to go into effect on May 1.

## John Doty Regains Foundation Control

New York, May 7.—John W. Doty, former chairman, and his associates gain control of the Foundation Company by the election of an entirely new directorate.

## N.Y. Market Gossip

(Branson, Brown & Co. Ltd.)

New York, May 7.—Fox Film earned \$2.93 a share on 920,660 combined class "A" and "B" shares in first quarter 1929 vs. \$1.78 on 767,216 shares in 1928 period.

Mexican Seaboard Oil offers rights of one share at \$32 to every four held.

Daily average California crude oil production decreased 30,000 barrels in week to 739,700 barrels.

Hudson Motor first four months of 1929 exports 27,071 cars, new high record, and 28 per cent increase over 1928 period.

Building Trades Employers' Association and Building Trades Council reaches agreement to become operative August 24, under which workers are granted a 10 per cent wage increase, providing all employees in the trade shall receive the same money for working forty hours that they now receive for working forty-four.

The \$200,000,000 petroleum merger between the Marland Oil Co. and the Continental Oil Co. appeared close to realization following a letter from D. J. Moran, president of the Marland, in which he revealed details of the negotiations which have been in progress for the last three months. Under the plan Marland would purchase all of the shares of Continental, and issue which involves nothing other than a temporary readjustment of some of the ground which was perhaps too rapidly gained.

Can. Nickel April exports, 7,128,500 lbs., valued at \$1,410,462 in April, 1928; four months' exports showed \$1,504,000 pounds increase over 1928, with value up \$2,458,800.

Iron ore shipments to interior furnaces from Lake Erie ports in April totaled 1,703,227 tons, vs. 449,700 tons in the same month a year ago.

Richfield Oil Co. of California in the first quarter of 1929 produced 3,149,800 barrels of crude oil as compared with 2,457,000 barrels in first quarter of 1928.

Independent producers of open hearth steel in Youngstown district increased their operations to 96 per cent of capacity, the highest in several months, says Youngstown Dispatch.

Western Railroad expected to agree to-morrow in Chicago in reductions amounting to 7 cents a bushel in exchange for wheat rates to eastern seaboard with like lowering of flour freight rates.

Two dollars and fifty cents basis S.O. of Indiana, new. Declared quarterly dividend of 62 1/2 c. a share, payable June 15, 1929, on May 16, placing new stock on \$2.50 annual basis. This is equal to quarterly rate of 38 1/2 c. a share on stock prior to payment of 50 per cent dividend in stock March 15, when an extra cash dividend of 50 cents also was paid.

Would use current irregularities to purchase the above mentioned issues as well as Texas Gulf Sulphur, Associated Dry Goods, Kennecott, Copper National Distillers, Marine preferred, Harvester and in the food group, California Packing, Postum and Corn Products.

Do not become discouraged if France or Belgium is reported as refusing to accept the reparations settlement, which has been agreed upon between Germany and the United States. For home consumption, if nothing else, neither will accept without staging an oratorical demonstration.

Atlantic Refining is one of the most attractive issues in the oil group, and should sell much higher over the long pull. The company's earnings so far this year continue to show improvement over last year, and final results for 1929 are expected to establish a record. We would buy Atlantic Refining stock in the oil group, and we anticipate higher before meeting with any important resistance.

North America is meeting with excellent buying, and we anticipate much higher for the stock before the current move is completed.

New York, May 7.—Radio Corporation, in its report for the quarter ended March 31, shows a gross income of \$31,642,827, and surplus profits of \$3,587,187, compared with a gross of \$1,792,547 and net of \$3,122,874 for the first quarter of 1928.

## MONEY STAYS UP AT 14 PER CENT; INDUSTRIALS DROP BUT RAILS HOLD

Wall Street, New York, May 7 (By B.C. Bond).—At the close today the Dow Jones average of 30 Industrials stood at \$321.91, off 4.23 points for the day and for 20 rails at 152.13, off 0.47 points for the day.

**LOWER MARKET FEARED**  
Wall Street, New York, May 7 (By B.C. Bond).—"Many brokers feel the hope of easier money, which the market is expressing in terms of higher security prices, can only be realized in the opposite manner, that is, in the establishment of lower stock market prices."

The New York Herald-Tribune, commenting in a similar vein, says: "It is obvious the Federal Reserve is pursuing its policy and that persuasion for curtailment of funds has been kept in force."

**RASKOB STILL BULLISH**  
Wall Street, New York, May 7 (By B.C. Bond).—John J. Raskob, in noting the wisdom of investing in common stocks, in connection with the formation of a new investment trust, today says: "I have heard some opinions that the present time is not opportune for investment, because the general level of prices is too high and perhaps it may be true that some stocks may be selling at 20 per cent less in another year. But in my judgment, many stocks are not too high, even at present levels."

Wall Street, New York, May 7.—(By B.C. Bond).—Although money remained high and industrial averages suffered a drop for the day of more than four points, there was a batch of new highs established today, by such stocks as Columbia Carbon, General Asphalt, Independent Oil, Standard Oil of California, Pure Oil, Stewart Warner, Youngstown Steel, General Railway Signal.

Anticipations of a lower rate for call money today were not realized, funds remaining at 14 per cent and remaining at that figure all day. There was sufficient supply of funds to prevent a higher rate, and on calling of loans was reported.

Some significance was attached to the remarks of Governor Young of the Federal Reserve Board to the effect that the board could not continue bank rates indefinitely at levels so far under the open market rates, and this led to interpretation in some quarters that the Federal Reserve authorities had not abandoned the thought of increasing the rediscount rate.

The market held well enough in the morning, but in the afternoon substantial selling appeared in some of the more volatile issues like Radio and United Aircraft, while there were signs of profit-taking these utilities which have had large advances recently.

The whole list was not vitally affected by the specially directed selling of the afternoon, but it was quite apparent that when this selling developed, a more cautious attitude quickly made its appearance.

The wave of trading was under that of yesterday, and there were traders who felt the irregularity and weakness in special stocks was a natural result of the restricted trading in individual stocks which has featured speculation, but which could not be expected to be absolutely unchecked with money remaining so high.

**TO-DAY'S EXCHANGE**  
New York, May 7.—Foreign exchanges steady. Quotations in cents: Great Britain—Demand 48 1/2, cables 48 1/2, 60-day bills on banks 48 1/2, 30-day 48 1/2, 90-day 48 1/2, 120-day 48 1/2, 150-day 48 1/2, 180-day 48 1/2, 210-day 48 1/2, 240-day 48 1/2, 270-day 48 1/2, 300-day 48 1/2, 330-day 48 1/2, 360-day 48 1/2.

# STORY BY HAL COCHRAN—PICTURES BY KNICK

READ THE STORY, THEN COLOR THE PICTURE

The honeycomb the bee had brought pleased all the bunch. Said one, "We ought to have a little party with the Goofygo and bee. We'll find a soft spot on the ground, and then we'll all gather 'round. Ah! There's a dandy place. I think, beside the big oak tree." "That's very fine," said Goofygo. "But I just wish they had some bread to spread the wondrous honey on. 'Twould be real good that way. I fear we'll spill it on our clothes, and if we do that goodness knows, we'll have to scrub our clothes again, and that is far from play."

"Ha, ha!" the Goofygo laughed out. "That plan of yours is good, no doubt, but where are we to find the bread that you would have us eat. There are no bakeries right near here. We'll have to give it up. I fear. Now, as for me, the honey is enough to make a treat."

"Hold on, there," cried the big king bee. "I think a plan has come to me. I know a queer old baker who lives in a clump of trees. I'm sure that he will treat us right and bake us bread before it's night. He has a dandy oven and he bakes all things with ease."

"Well, that's a fine idea!" Gee! It surely makes a hit with me," said Goofygo, as he jumped right up and added, "Lead the way." "All right," replied the king bee. "But, can't your big bird carry me? I'm all tired out and I can't walk as far as that to-day."

The Goofygo began to grin, and with the plan he joined right in. "Hop on my back here, ol' king bee," he shouted very loud. So, off they started, with a bound. The king bee followed on the ground. The thought of having good food made it quite a happy crowd.

## To-morrow's Horoscope

WEDNESDAY, MAY 8, 1929

Kindly stars seem to rule to-day, according to astrology. It is a day auspicious for most minor activities.

Kind waste of strength through too much amusement and too little rest. Avid women appear to be well directed and they should use their energies wisely. There's a sign supposed to indicate danger through drinking and stimulants of every sort. Many startling breaks in health will be reported. The stars foretell, however, that they will teach important lessons. All the aspects are read as presaging widespread uncovering of perils to the mind.

Along through its individuals who indulge in unhealthy appetites. This is an average day in financial transactions and most auspicious for the payment of debts of every sort. There is a sign of good import for those who buy homes in the country. The tide of population is to recede from the cities of business after sundown, it is foretold. Astrologers foretell that the total eclipse of the sun to-morrow is most significant in its effect on banks and financial resources.

It is interpreted as presaging for the United States much discussion of armaments; military and naval affairs will occupy much attention. Severe storms may be expected in many parts of the world, but the United States will be more fortunate than other countries. It is foretold. Those who read the stars prognosticate a period of such tremendous prosperity that

the past contains nothing comparable to it. Thousands of new millionaires will be counted in the next decade, it is foretold. Once more astrologers point out the trend toward superb achievements in building here in the United States. Architecture is subject to the most beneficent influences. Persons whose birthdate is 28 have the augury of a successful year. But, men and women should profit through lands and big business.

Children born on this day probably will be stable in mind, keen in judgment and very dependable. The subjects of this sun usually have marked constructive ability, which is expressed in fiction and music as well as in other lines of achievements. Louis Moreau Gottschalk, noted composer, pianist and author of the "Gottschalk" story, also had this as his birthday.

## BEDTIME STORY Uncle Wiggily's Lollypop Party

Copyright, 1929, by McClure Newspaper Syndicate

By HOWARD R. GARIS

With Baby Bunty, Jingle and Jangle tagging after him, Uncle Wiggily hopped across his newly made garden to the corner where the little rabbit girls had said they planted some pennies.

"The idea," chuckled Uncle Wiggily to himself as he twinkled his pink nose. "The silly idea of these little bunnies thinking if they planted pennies in the garden, as I plant seeds, that the pennies would grow into nickles and dimes in one day. Ha! Ha!"

For that is what Baby Bunty, Jingle and Jangle thought, as I told you in the story before this. In the morning, on their way to school, they had begged some pennies of Uncle Wiggily. He stopped his garden making long enough to pull out a paw full of dimes, nickles and other money, and gave the little rabbits all his brown pennies.

In the afternoon they wanted more pennies, and when he asked what they had done with those he gave them in the morning, Bunty told about planting them.

Uncle Wiggily began digging.

"But it was silly," said Mr. Longears. And now he was on his way to the corner of the garden where the little bunny rabbit girls had pointed out as the place where they had dug holes and put their pennies under ground. "It was very silly. I'll dig up the pennies you planted and show you they haven't grown into even more pennies, let alone changing into nickles and dimes."

"I thought pennies were like cabbage seed," sighed Bunty. "You plant little cabbage seeds and pretty soon they grow into big cabbages. I thought pennies would grow, too."

"So did I!" said Jingle and Jangle. "Nonsense!" laughed Uncle Wiggily. With his spade shovel Uncle Wiggily began digging in the corner of his garden. Standing in front of him, looking eagerly at the brown earth as he turned it over, were the three little rabbit girls.

"Did you plant the pennies very deep?" asked Mr. Longears.

"Not very," answered Jangle as her father turned over a shovel of earth. "Oh, look, there's one now!" she cried, pointing to a penny.

"Yes, so it is," said Uncle Wiggily, stooping to pick it up. "Well, we'll soon have all your money back, and after this don't be so silly as to plant any more of it."

He turned another spade full of earth and, all of a sudden, Baby Bunty jumped up and down and, pointing her paw, cried:

"Look, there's a nickle!"

"And a dime!" shouted Jingle.

"Two dimes!" exclaimed Jangle. "Oh, what a lot of money! Look! Our

pennies have grown! See, there's a quarter and fifty cents and a lot of dimes and some nickles and Oh! Oh! we're rich!"

Uncle Wiggily could hardly believe his eyes, but, surely enough scattered among the brown pennies which the little rabbit girls had planted was quite a lot of other money—dimes, nickles, quarters and even a big half dollar or fifty-cent piece.

"Oh, goodie! Goodie!" cried Baby Bunty.

"Isn't it wonderful!" shouted Jingle.

"Now, Daddies! What about it?" asked Jangle, pointing her paw at Mr. Longears. "See! We told you the pennies would grow if we planted them in your garden."

"No! It can't be! It's impossible!" said Uncle Wiggily, using a big word he was so excited. "I'm dreaming!"

All of a sudden, Bunty leaned over and pinched him.

"Ouch! What's that for?" asked Uncle Wiggily.

"That's to show you're awake and aren't dreaming!" laughed the little rabbit orphan. "But isn't this a lot of money and didn't it grow from the pennies we planted?"

Uncle Wiggily didn't know what to say until he happened to put his paw in his pocket and then he found a hole. And he knew how it had all come about. After he had given the little rabbit girls the pennies in the morning, he remembered that he put the rest of the money back in another pocket. And it was a pocket that had a hole in it. So the dimes, nickles, quarters and half dollar dropped out on the ground and, in raking in his seeds, Uncle Wiggily covered the money over.

Then the bunny girls planted their pennies in that same place and, of course, when Uncle Wiggily turned the earth over he found the money that had dropped through the hole in his pocket and he also found the planted pennies. He told the little bunnies this was how it had happened.

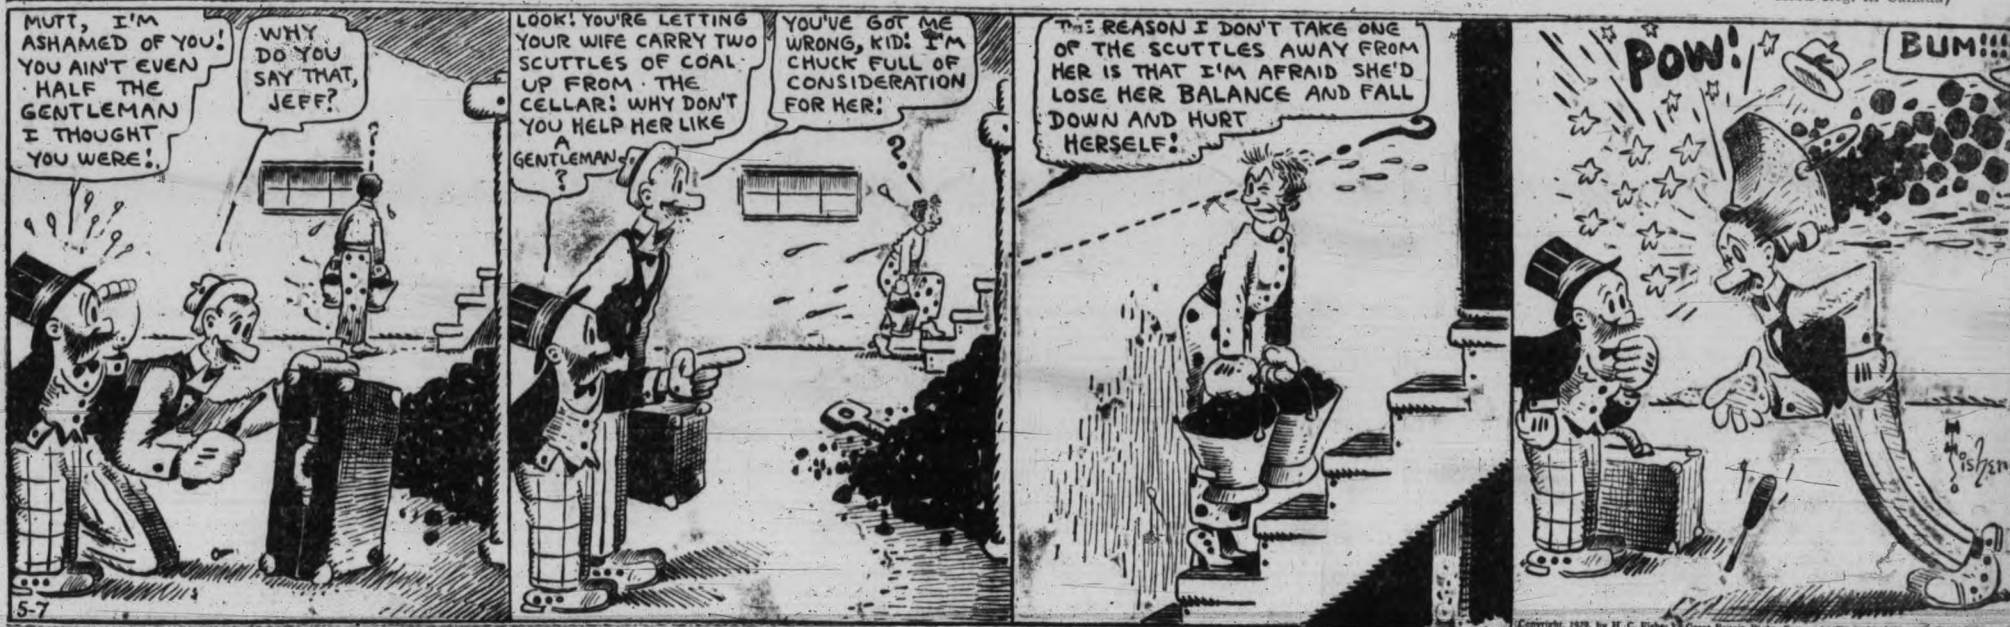

"Oh, dear!" sighed Bunty, Jingle and Jangle. "Then money won't grow in the garden!" And they were sad until Uncle Wiggily took a dime and bought some lollypops and made a party with an old stump for a table.

Then everything was all right and if the match will make a light so the pin can see what's in the eye of the needle I'll tell you next about Uncle Wiggily and Nellie's nest.

Effective May 12, the afternoon boat to Vancouver will leave Victoria daily at 1.45.
